

Subject card

Subject name and code	Introduction to the pedagogy, PG_00150614						
Field of study	Logopedics						
Date of commencement of studies	October 2025		Academic year of realisation of subject			2025/2026	
Education level	uniform Master's studies		Subject group			Obligatory subject group in the field of study Humanistic-social subject group Subject group related to practical vocational preparation	
Mode of study	full-time studies		Mode of delivery			at the university	
Year of study	1		Language of instruction			Polish	
Semester of study	2		ECTS credits			4.0	
Learning profile	practical		Assessment form			exam	
Conducting unit	Division of General Pedagogy -> Institute of Education -> Faculty of Social Sciences -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Małgorzata Lewartowska-Zychowicz, prof. UG				
	Teachers		dr Szymon Dąbrowski				
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	30.0	0.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		2.0		68.0	100
Subject objectives	Introduction to pedagogy (subject of research, concepts, strategies for constructing pedagogical knowledge, relations between pedagogy and other disciplines, structure of pedagogy, paradigms).Familiarization with the basic contexts (social, cultural, political, economic) of educational practices. .Getting to know the basic concepts of the student and their consequences for constructing educational practice.Familiarization with the most important trends in contemporary pedagogy (directive, non-directive, critical, emancipatory pedagogy).						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[LOGJ5_W29] He knows the most important traditional and contemporary pedagogical currents and systems, understands their historical and cultural conditions; knows the structure and functions of the education system, including care, education, assistance, goals, legal basis, organization and functioning of educational, educational and care institutions, as well as alternative forms of education.	[K_W14] The student knows the most important pedagogical directions (authoritarian pedagogy, anti-authoritarian pedagogy, critical pedagogy, emancipatory pedagogy, post-critical pedagogy) and understands their ideological assumptions and consequences for pedagogical practice	[SW4] test/exam - oral or written
	[LOGJ5_U10] He is able to apply the principles of methodology of task performance, norms (ethical, professional) of designing and conducting scientific research and the provisions of the law, in particular copyright law and related to the management of intellectual property, as well as procedures and good practices used in institutions or ventures, related to the selected sphere of speech therapy and pedagogical activity.		
	[LOGJ5_W15] Knows at an in-depth level the terminology of the social sciences (pedagogy, psychology and special education) and medical sciences relevant to the field of speech therapy. He understands its origin and knows the principles of application within related scientific disciplines.	[K_W01] The student knows the basic pedagogical concepts (education, upbringing, teaching, learning) and understands their interdisciplinary nature	[SW4] test/exam - oral or written
	[LOGJ5_U18] Using the knowledge and experience of the teaching profession, he is able to use theoretical approaches in an in-depth way to analyze, interpret and design strategies for speech therapy and pedagogical activities; he is able to generate solutions to specific problems, forecast the course of their solution and predict the consequences of planned activities for the effective implementation of speech therapy and pedagogical activities.		
	[LOGJ5_W30] Knows and understands the place of special pedagogy in the system of sciences, as well as its subject and methodological links with other scientific disciplines, knows the system of special education and sub-disciplines of special pedagogy.	[K_W02] The student knows the structure of contemporary pedagogy, distinguishes its subdisciplines and understands their connections with other scientific disciplines (psychology, sociology, philosophy, anthropology)	[SW4] test/exam - oral or written
	[LOGJ5_K06] Can independently and critically supplement knowledge and skills in medicine, social sciences and fields useful to speech therapists.		
	[LOGJ5_W28] He knows the types of social ties, different types of social structures and institutions of social life (including care and upbringing, educational, assistance), understands the regularities governing them; knows and understands the process of social integration, the problems of inclusive education, as well as ways to implement the principle of inclusion; the specifics of the functioning of students with special educational needs, including particularly gifted students.		

	<table><tr><td>Course outcome</td><td>Subject outcome</td><td>Method of verification</td></tr><tr><td>[LOGJ5_U19] He is able to use theoretical knowledge from the field of special pedagogy and related disciplines to analyze and interpret the problems of life of people with disabilities, including educational, upbringing, caring, cultural and support problems, as well as the motives and patterns of human behavior, and to take practical action to eliminate differences and equalize educational opportunities for students from different backgrounds, religions and nationalities, as well as people with disabilities.</td><td></td><td></td></tr></table>	Course outcome	Subject outcome	Method of verification	[LOGJ5_U19] He is able to use theoretical knowledge from the field of special pedagogy and related disciplines to analyze and interpret the problems of life of people with disabilities, including educational, upbringing, caring, cultural and support problems, as well as the motives and patterns of human behavior, and to take practical action to eliminate differences and equalize educational opportunities for students from different backgrounds, religions and nationalities, as well as people with disabilities.
