	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		2.0		30.0	62
Subject objectives	This course aims to develop academic writing skills, including the creation of various forms of written work, improving text structures, and formulating arguments. It also teaches methods of conducting research, analyzing data, adhering to research ethics and avoiding plagiarism. It strengthens critical thinking, evaluation of sources, synthesizing information, and prepares for writing scientific articles and thesis. In addition, it develops editing and proofreading skills, which are crucial for academic and professional success.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
