

Subject card

Subject name and code	Seminar I - WIEWIOROWSKI Jacek , PG_00174541						
Field of study	Criminology						
Date of commencement of studies	October 2025		Academic year of realisation of subject		2025/2026		
Education level	Master's studies		Subject group		Optional subject group		
Mode of study	part-time studies		Mode of delivery		at the university		
Year of study	1		Language of instruction		Polish Polish		
Semester of study	2		ECTS credits		3.0		
Learning profile	academic		Assessment form		credit		
Conducting unit	Faculty of Law and Administration -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Jacek Wiewiorowski				
	Teachers		dr hab. Jacek Wiewiorowski				
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	10.0	10
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	10		0.0		65.0	75
Subject objectives	During the seminar, students gain basic knowledge about sources of crime activity according to the paradigm of evolutionary psychology. It is intended to create their openness towards the need to use the achievements of different social and natural sciences. The result of the seminar is the writing of a scientific essay on a given topic, taking into account the knowledge obtained as a result of the analysis of selected readings and, if possible, independently conducted research.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[KRYMMU2_WG05] Has an in-depth knowledge of methods and tools, including data and information extraction techniques, specific to criminology and forensic science	The student gains in-depth knowledge of methods and tools, including data and information acquisition techniques, appropriate for criminology and forensic sciences	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work
	[KRYMMU2_WG01] Has an in-depth knowledge of the nature of legal and related penal sciences, their place in the system of sciences and their interrelationships	The student acquires in-depth knowledge of the nature of legal and penal sciences, their place in the system of sciences and mutual relations, with particular emphasis on evolutionary psychology	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work
	[KRYMMU2_KK01] Is aware of the level of his knowledge and skills, and understands the need for lifelong learning	The student becomes aware of the level of his knowledge and skills, and understands the need for lifelong learning. He is able to inspire and organize other people's learning process, as well as can express his own opinions, being as well open toward alternative solutions to a given issue.	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK3] text preparation/written work [SK8] observation of student's independent or team work
	[KRYMMU2_UW01] I able to apply theoretical knowledge of criminology and related disciplines to analyse and interpret problems in criminology in a broad sense	The student acquires the ability to use theoretical knowledge in the field of criminology and related scientific disciplines to analyze and interpret problems in respect of criminology in the broad sense	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU8] observation of student's independent or team work
	[KRYMMU2_UW05] Has the ability to independently propose solutions to a specific problem and carry out a procedure to reach a decision on it	The student acquires the ability to propose independent solutions regarding a specific problem in the field of criminology and carry out a procedure for making decisions in this area	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU8] observation of student's independent or team work
Subject contents	Evolutionary psychology - basics; Evolutionary psychology and jurisprudence; Elementary information about the history of criminal law; Concepts of sources of crime; Sources of crime from the perspective of evolutionary psychology		
Prerequisites and co-requisites	none		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	presentation	51.0%	25.0%
	writing paper	51.0%	25.0%
	student's own work	51.0%	50.0%
