Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ADMINMU2_UW02] The student is able to prepare an independent, in-depth written report and oral presentation on issues related to administration and administrative activities, including formulating his own theses, as well as collecting and analyzing materials necessary for preparing typical documents and acts related to administrative activities.	The student has mastered the ability to write the scientific text in accordance with the principles of scientific research.	[SU2] presentation/project/paper/report [SU3] text preparation/written work
	[ADMINMU2_UO05] The student is able to professionally plan and organize work, and is prepared to actively participate in teams involved in the implementation of administrative activities, including leading such teams.	The student has mastered the ability to plan and timetable a process of writing a thesis.	[SU3] text preparation/written work [SU8] observation of student's independent or team work
	[ADMINMU2_UU06] The student is able to assess the level of his knowledge and skills, and understands the need for continuous learning.	The student will acquire and deepen knowledge of the field to which the thesis relates.	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work
	[ADMINMU2_KK01] The student has an advanced awareness of the role of knowledge in problem-solving, as well as the necessity of relying on expert knowledge – including the views of legal doctrine and jurisprudence – in situations that exceed the capacity for independent problem-solving.	The student knows and can use scientific studies and court decisions in the process of writing the thesis.	[SK1] oral statement/conversation/discussion [SK3] text preparation/written work [SK5] implementation of a problem task
	[ADMINMU2_KR03] The student is ready to responsibly perform duties in public administration, including positions that require obtaining a master's degree, as well as in other entities in roles related to administration.	The student will acquire and deepen knowledge of the field to which the thesis relates. The student actively participates in the seminar discussion	[SK1] oral statement/conversation/discussion [SK3] text preparation/written work
	[ADMINMU2_UW01] Using his own knowledge and sources of information, the student is able to analyze and resolve complex problems, as well as interpret legal, social, and political phenomena within the scope of administration and administrative activities.	The student interprets and analyzes obtained results and draws conclusions from them.	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work [SU8] observation of student's independent or team work
	[ADMINMU2_WG01] At an advanced level, the student is able to define the sciences of law and administration, knows and understands the terminology, methods, and theories arising from legal sciences and related disciplines, relevant to issues concerning public authorities, the system of the state, and administration.	The student will acquire and deepen the knowledge of the field to which the thesis relates.	[SW1] oral statement/conversation/discussion [SW3] text preparation/written work
Subject contents	1. preparation and presentation by students of the theoretical part of the thesis. 2. preparation of research questions and hypotheses by students. 3. preparation of research tools. 4. presentation by students of the results of the research (description, analysis, interpretation of results).		
Prerequisites and co-requisites	Possession of a bachelor's degree
