Subject objectives	The aim of the seminar is to support students in the process of preparing and writing their bachelors thesis in the field of criminology and criminal justice. The course provides methodological guidance, facilitates academic writing, and offers supervision in topic selection, literature review, research design, and thesis structure. The seminar also develops students ability to formulate research problems and critically engage with academic sources.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[KRYML3_WG02] The graduates knows the basic terminology and basic concepts in the field of law, criminology and related sciences.	The student knows and correctly uses basic terminology in the fields of law, criminology, and related disciplines in the context of writing a bachelor's thesis and participating in academic discussions.
