Subject objectives	The aim of the course is to learn about the changes in thinking about public administration in the 20th century, along with the key doctrines in this matter. Various concepts related to government and local government administration will be presented.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ADMINL3_WG01] At an advanced level, the student is able to define the sciences of administration and politics, as well as law, and knows the concepts and terminology appropriate to them.	The student has advanced knowledge of the main trends and directions of development of 20th century administrative thought, including naturalistic, technocratic and state concepts.	[SW4] test/exam - oral or written [SW2] presentation/project/paper/report
	[ADMINL3_KK01] The student is aware of the role of knowledge in problem-solving, is prepared to critically evaluate positions regarding the functioning of administration and the content of legal norms, and to rely on expert knowledge – including the views of legal doctrine and jurisprudence – in situations that exceed the scope of independent problem-solving.	He is aware of the importance of historical theories of administration for the development of the contemporary institutional order of the state.	[SK2] presentation/project/paper/report [SK4] test/exam - oral or written
	[ADMINL3_WK04] The student knows and understands the current dilemmas regarding the functioning of institutions of substantive and procedural law in the sphere of the state and administration. Additionally, he identifies key phenomena occurring in the market economy and economics, including knowledge and understanding of the basic principles of public finance, EU structural funds, the public procurement system, and the operation of various forms of entrepreneurship.	Understands how administrative theories and models shaped systems of public authority and institutional structures in 20th century countries.	[SW4] test/exam - oral or written [SW2] presentation/project/paper/report
	[ADMINL3_WG03] At an advanced level, the student identifies and understands the legal and administrative conditions of various forms of social and economic life, including the rights and obligations of individuals towards other individuals and state authorities.	Knows the terminology and basic concepts appropriate to the sciences of administration, public policy and law in the context of their historical and doctrinal development.	[SW4] test/exam - oral or written [SW2] presentation/project/paper/report
Subject contents	We will present doctrines, trends and philosophical concepts from the 20th century that relate to public administration.
