Subject objectives	The aim of the course is to familiarize the student with the legal forms of cooperation in local government, in particular with institutions such as municipal agreements, associations of local government units (municipal and metropolitan), associations and companies of local government units, and shared service centers.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ADMINL3_WG01] At an advanced level, the student is able to define the sciences of administration and politics, as well as law, and knows the concepts and terminology appropriate to them.	The student knows and understands the nature and scope of joint task execution in local government, including the functioning of agreements, associations, and unions of local government units.	[SW1] oral statement/conversation/discussion [SW3] text preparation/written work
	[ADMINL3_WK04] The student knows and understands the current dilemmas regarding the functioning of institutions of substantive and procedural law in the sphere of the state and administration. Additionally, he identifies key phenomena occurring in the market economy and economics, including knowledge and understanding of the basic principles of public finance, EU structural funds, the public procurement system, and the operation of various forms of entrepreneurship.	The student knows and understands the legal and administrative challenges related to the joint execution of tasks by local government units, including substantive and procedural law institutions regulating such cooperation. The student understands various forms of entrepreneurship and their role and significance in the implementation of joint local government projects and activities.	[SW1] oral statement/conversation/discussion [SW3] text preparation/written work
	[ADMINL3_WG03] At an advanced level, the student identifies and understands the legal and administrative conditions of various forms of social and economic life, including the rights and obligations of individuals towards other individuals and state authorities.	The student knows and understands the legal and administrative conditions of various forms of cooperation among local government units. The student is able to identify the rights and obligations of local government units towards each other and state authorities in the context of joint task execution.	[SW1] oral statement/conversation/discussion [SW3] text preparation/written work
	[ADMINL3_KK01] The student is aware of the role of knowledge in problem-solving, is prepared to critically evaluate positions regarding the functioning of administration and the content of legal norms, and to rely on expert knowledge – including the views of legal doctrine and jurisprudence – in situations that exceed the scope of independent problem-solving.	The student is aware of the importance of knowledge in solving problems related to the joint execution of tasks by local government units. The student is able to critically evaluate different positions regarding the functioning of administration and legal norms governing local government cooperation. The student can utilize expert knowledge, including doctrinal views and case law, in situations that require solutions beyond independent decision-making.	[SK1] oral statement/conversation/discussion
