	Number of study hours	30		0.0		20.0	50
Subject objectives	This course provides students with the necessary knowledge to comprehend the mechanisms of individual rights protection in administrative enforcement proceedings and prepares them to apply this understanding in professional practice.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ADMINMU2_WG02] At an advanced level, the student identifies and understands the legal and administrative conditions of various forms of social and economic life, including the rights and obligations of individuals towards other individuals and state authorities.	Students will develop the ability to analyze legal norms and apply them to real-world scenarios involving individuals and state authorities. Students will be equipped to identify legal issues in various social and economic situations and propose appropriate solutions.	[SW1] oral statement/ conversation/discussion [SW2] presentation/project/paper/ report
	[ADMINMU2_WK03] The student knows and understands the current dilemmas regarding the functioning of institutions of substantive and procedural law in the sphere of the state and administration. Furthermore, he identifies key phenomena occurring in the market economy and public finance, and also knows and understands the basic principles governing the operation of various forms of entrepreneurship.	The student should be able to effectively apply knowledge of administrative law to analyze and resolve issues related to individual rights in enforcement proceedings.	[SW1] oral statement/ conversation/discussion [SW2] presentation/project/paper/ report
	[ADMINMU2_WG01] At an advanced level, the student is able to define the sciences of law and administration, knows and understands the terminology, methods, and theories arising from legal sciences and related disciplines, relevant to issues concerning public authorities, the system of the state, and administration.	The student should be able to identify and explain the legal norms and regulations governing administrative and judicial enforcement proceedings, including the rights of individuals involved.	[SW1] oral statement/ conversation/discussion [SW2] presentation/project/paper/ report
	[ADMINMU2_KK01] The student has an advanced awareness of the role of knowledge in problem-solving, as well as the necessity of relying on expert knowledge – including the views of legal doctrine and jurisprudence – in situations that exceed the capacity for independent problem-solving.	Students will acquire in-depth knowledge of the legal and administrative structures governing different forms of social and economic activities, including the rights and obligations of individuals in these contexts.	[SK1] oral statement/conversation/ discussion [SK2] presentation/project/paper/ report
Subject contents	Legal basis of administrative enforcement. Principles of enforcement proceedings. Legal remedies in enforcement proceedings. Parties to the proceedings		
Prerequisites and co-requisites
