

Subject card

Subject name and code	Scholarly text analysis, PG_00151348						
Field of study	Social Work						
Date of commencement of studies	October 2025		Academic year of realisation of subject		2025/2026		
Education level	Bachelor's studies		Subject group		Obligatory subject group in the field of study		
Mode of study	full-time studies		Mode of delivery		at the university		
Year of study	1		Language of instruction		Polish		
Semester of study	1		ECTS credits		2.0		
Learning profile	practical		Assessment form		credit		
Conducting unit	Division of the History of Science and Education -> Institute of Education -> Faculty of Social Sciences -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Małgorzata Obrycka				
	Teachers		dr Małgorzata Obrycka				
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	30.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		20.0	50
Subject objectives	Acquisition by the student of an initial orientation in the substantive-structural characteristics of science and the construction and content of scientific texts. Formation of the ability to distinguish the language of scientific texts from other types of statements: colloquial, philosophical, literary, journalistic, popular-scientific. Formation of the ability to analyze empirical, theoretical, critical and review scientific texts carried out on selected examples with emphasis on understanding their usefulness for functioning in socio-educational practice.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[PRACSOCL3_W06] Knows the methods and tools of professional practice, including data acquisition techniques		S1P_W06 S1P_W10		[SW2] presentation/project/paper/report [SW5] implementation of a problem task		
	[PRACSOCL3_W10] will gain and understanding notions and principles in the scope of industrial property protection and copyrights		S1P_W06 S1P_W10		[SW3] text preparation/written work		
Subject contents	Languages of texts about education (recognition on sample texts provided by students). The concept of science - basic characteristics, scientific language vs. colloquial language. Concept, its meaning in scientific speech - construction of concepts, construction , cognitive sense of mastering concepts and operating them.
