Subject objectives	The goal of the course "Sociology of Law in Democracy" is to provide students with a comprehensive understanding of the interplay between legal systems and democratic societies. Students will explore how laws shape and are shaped by social structures, behaviors, and institutions. The course aims to develop critical thinking skills, enabling students to analyze the role of law in protecting rights, promoting justice, and addressing social inequalities.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[SOCL3_U04] The graduate is able to forecast social processes and phenomena on the basis of sociological knowledge using sociological research methods	Understanding the Relationship between Law and Society: The student understands the fundamental relationship between law and society, including how legal systems influence and are influenced by social structures and processes.
