Subject objectives	The aim of the course is to familiarize students with the knowledge necessary to consciously and actively participate in and co-create (in various roles) public policies, carried out at various levels of public power. The course is also intended to enable students to learn the most important concepts related to power and activism in Poland, but also to recall the most important theoretical concepts related to social and political activism. The student(s) after the course will be able to present and locate the centers of power in different social orders (in the media, economy, politics ...).
