	Number of study hours	0.0	0.0	0.0	0.0	15.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		0.0		110.0	125
Subject objectives	Preparation of a master's thesis in accordance with ethical requirements and the rules for writing theses according to specific guidelines and regulations.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[PiDPMU2_KK01] understands the complexity of problems occurring in the field of public levies law, finance and accounting and related disciplines and is therefore ready to critically evaluate the knowledge acquired in this area and the received content, understands the importance of knowledge in solving cognitive and practical problems and - in the event of difficulties with solving them independently problem - seeking the opinion of experts dealing with public levies law, finance, accounting and related disciplines (especially scientists, experienced tax advisors, accountants, lawyers dealing with disciplines other than tax and accounting law), and, if necessary, also expert specialists in disciplines other than legal and economic sciences	The student understands the complexity of issues related to taxes and tax consulting, knows how to seek advice and find reliable sources.	[SK3] text preparation/written work
	[PiDPMU2_UW01] is able to use the theoretical knowledge in the field of public levies law and accounting and related scientific disciplines in order to formulate and solve complex and unusual problems (e.g. validation and interpretation problems related to the application of public levies law, tax analysis problems or balance sheet problems), in including innovative performance of tasks in unpredictable conditions by: - appropriate selection of sources (including in particular normative acts, doctrinal literature and case law) and information derived from them, assessment, critical analysis, synthesis, creative interpretation and presentation of this information, - selection and use of appropriate methods and tools (including advanced information and communication techniques, as well as methods and tools independently adapted or developed from scratch, e.g. the use of advanced methods of legal interpretation using electronic databases of case law and literature to solve problems related to the application of public levies law)	The student uses the knowledge acquired during their studies to prepare their thesis.	[SU3] text preparation/written work
	[PiDPMU2_WK06] knows and understands the concepts and principles of industrial property protection and copyright	The student uses concepts related to copyright law and is able to correctly use other sources without infringing copyright.	[SW3] text preparation/written work
	[PiDPMU2_UW02] is able to formulate and test hypotheses related to simple research problems regarding the application of public levies law, tax analysis or accounting	The student formulates and defines research hypotheses in their work and is able to describe the research problem addressed in their work.	[SU3] text preparation/written work
	[PiDPMU2_UK03] is able to communicate on specialized legal, financial, balance sheet and tax topics with diverse audiences, as well as conduct a debate on the problems of applying the law of public levies, finance and accounting	The student communicates and expresses themselves using specialist vocabulary related to finance, taxation, financial law and economics in general.	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work

Subject contents	1) Discussing progress in writing the master's thesis and problems encountered during its preparation		
	2) Discussing the topic of the thesis and its structure in terms of chapters		
	3) Discussing methodological issues, relationships and links between the theoretical approach and empirical research		
	4) Specifics of text analysis and drawing conclusions		
	5) Improving the ability to use advanced methods, tools and techniques for acquiring knowledge, information and data, as well as reasoning skills		
	6) Preparation of one chapter and one paragraph of another chapter		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	text preparation/ written work consisting of: preparation of one chapter and one paragraph of another chapter	51.0%	100.0%
