Learning outcomes	Course outcome	Subject outcome	Method of verification
	[FiRMU2_W07] The student possesses a comprehensive understanding of regulations and legal, organizational, and ethical norms, including the protection of intellectual property relevant to finance and accounting.	The student has an in-depth knowledge and understanding of the legal, organisational and ethical regulations applicable to auditing and organisational supervision, including those relating to data protection, professional responsibility of auditors and intellectual property protection in the context of financial reporting and audit documentation.	[SW1] oral statement/conversation/discussion [SW5] implementation of a problem task
	[FiRMU2_W03] The student possesses a comprehensive understanding of finance and accounting, particularly regarding the intricate internal and external relationships of institutions and organizations. This analysis emphasizes financial security systems within a global context.	The student is able to explain and assess the impact of complex relationships between organisational departments and external stakeholders on the functioning of audit and financial security systems, both in a national and international context, from a financial and accounting perspective.	[SW1] oral statement/conversation/discussion [SW3] text preparation/written work
	[FiRMU2_K02] The student is prepared to assume professional roles with responsibility, to understand and uphold the principles of professional ethics, and to act in accordance with them. Additionally, the student is committed to fostering achievements and upholding the values and traditions of professions related to finance and accounting.	The student knows the ethical principles of the profession of certified auditor and internal auditor. The student knows the responsibilities of corporate bodies.	[SK1] oral statement/conversation/discussion [SK3] text preparation/written work [SK4] test/exam - oral or written
	[FiRMU2_W06] The student possesses a comprehensive understanding of the objectives, essence, nature, and interrelationships of financial processes. They are knowledgeable about how these processes are recorded and the principles of rational decision-making, particularly in terms of strategic decisions and the implementation of changes in this area.	The student analyses the objectives, nature and interrelationships of financial processes and accounting records in the context of audit and supervision, assesses their impact on strategic decisions and identifies areas requiring change.	[SW4] test/exam - oral or written [SW3] text preparation/written work [SW5] implementation of a problem task
	[FiRMU2_U05] From a finance and accounting perspective, the student can identify and correctly apply legal, professional, and ethical norms within the realms of management, quality sciences, economics, and finance.	The student is able to analyse applicable legal standards (UoR, UoFP), professional standards (MSPPAW, KDP) and ethical standards relating to internal audit, financial audit and corporate governance, and then correctly apply them in assessing the compliance of audit activities and the activities of the organisation's bodies with regulatory requirements and professional ethics standards, including in the context of threats to the independence of the internal auditor, the statutory auditor and professional responsibility.	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work [SU4] test/exam - oral or written
	[FiRMU2_U02] The student is able to propose or design suitable solutions, including innovative ones, to complex problems in finance and accounting.	The student is able to design audit procedures and internal control systems tailored to the specific nature of the organisation, taking into account complex financial and accounting issues, and propose innovative improvements.	[SU3] text preparation/written work [SU4] test/exam - oral or written [SU5] implementation of a problem task
	[FiRMU2_K03] The student is ready to think and act entrepreneurially and responsibly, initiate, coordinate, and participate in projects that benefit the social environment and the public interest, and inspire others in this area - from the perspective of finance and accounting.	The student understands the role of professions of public trust such as internal auditor and certified auditor.	[SK1] oral statement/conversation/discussion [SK3] text preparation/written work [SK4] test/exam - oral or written
