Subject objectives	The aim of the course is to provide students with theoretical and practical knowledge in the field of personal branding and to develop the skills of consciously and ethically building one's own personal brand in the financial environment. Students will learn how to professionally present their expertise, values and competences, how to build trust and recognition in the industry and how to effectively use communication and promotion tools in relationships with clients, investors and employers.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[FiRMU2_W08] The student possesses a comprehensive understanding of the intricate relationship between accounting and finance within a dynamically changing business environment, as well as the contemporary challenges and dilemmas that arise in this context.	The student recognizes the relationships between economics and finance and classifies issues related to accounting and finance.	[SW3] text preparation/written work
	[FiRMU2_U09] The student can independently plan and implement the process of learning and improving professional skills in lifelong management and guide others in this area.	The student is able to assess his or her own strengths and weaknesses and conduct self-evaluation in the scope in which he or she is perceived by the recipients.	[SU2] presentation/project/paper/report [SU3] text preparation/written work
	[FiRMU2_U06] Students are equipped to apply their comprehensive knowledge of management, quality sciences, economics, and finance to address dilemmas and develop effective solutions— including innovative approaches— to complex or unusual problems encountered in the fields of finance and accounting.	The student analyzes the acquired knowledge in the field of management and economics in solving tasks related to problems related to effective marketing on the financial market.	[SU2] presentation/project/paper/report [SU3] text preparation/written work
	[FiRMU2_K02] The student is prepared to assume professional roles with responsibility, to understand and uphold the principles of professional ethics, and to act in accordance with them. Additionally, the student is committed to fostering achievements and upholding the values and traditions of professions related to finance and accounting.	The student develops acquired knowledge and skills through critical analysis and develops original concepts.	[SK2] presentation/project/paper/report
	[FiRMU2_W04] The student possesses a comprehensive understanding of the complex role and place of humans within financial structures, as well as their behavior in organizations at individual, group, and institutional levels.	The student correctly defines the role of a financier on the financial market and recognizes the functions of marketing on the financial market.	[SW3] text preparation/written work
