Learning outcomes	Course outcome	Subject outcome	Method of verification
	[SINL3_U04] Is able to use the Chinese writing system and tools for its study and analysis, such as traditional and electronic dictionaries, lexicons, language corpora, and databases.	Student uses the Chinese writing system with growing confidence. They are able to use various language tools—such as printed and digital dictionaries, lexicons, language corpora, and databases—to check the meaning, pronunciation, structure, and typical usage of characters and expressions. They can recognize stylistic differences depending on the context of communication.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU4] test/exam - oral or written [SU8] observation of student's independent or team work
	[SINL3_U05] Is able to present various opinions and positions in both oral and written form, evaluate them, and engage in discussion.	Student can formulate and present their own viewpoints and simple opinions in Chinese, both orally and in writing. They understand others' statements and can respond appropriately, taking part in uncomplicated exchanges of views on familiar topics.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU4] test/exam - oral or written [SU8] observation of student's independent or team work
	[SINL3_U10] Is able to independently plan and carry out lifelong learning.	Student is able to independently plan the process of learning Chinese, selecting appropriate methods and tools to support language acquisition, and demonstrates consistency and awareness of the need for continuous development of language competence.	[SU8] observation of student's independent or team work
	[SINL3_U08] Is able to plan and organize work both individually and as part of a team.	Student is able to independently plan and carry out work related to acquiring lexical and grammatical material, and to collaborate effectively with others in tasks such as dialogues, communicative exercises, and language-based projects.	[SU8] observation of student's independent or team work
Subject contents	[SINL3_U06] Is able to use the Chinese language at the B2 level of the Common European Framework of Reference for Languages (CEFR).	The student communicates fluently in typical everyday situations and simple social contexts. They are able to produce coherent spoken and written statements, utilizing a variety of vocabulary and grammatical structures.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU4] test/exam - oral or written [SU8] observation of student's independent or team work
	The program content is introduced each time through several didactic methods. Introductory lectures and multimedia presentations address such issues as: Specifics of the Chinese language (monosyllabicity, tonality, positionality) Traditional and simplified writing systems, keys and elements Correct pronunciation of the Chinese language Grammar of the Chinese language Vocabulary Principles of using the Chinese language dictionary using keys Digital tools for learning the Chinese language and are implemented in parallel with texts from textbooks.		
	Credit for the previous semester. Knowledge of the curriculum topics from the previous semester, knowledge of Chinese at A2/B1 level (HSK3/4) is required.
