

Subject card

Subject name and code	Hospitality Infrastructure Management, PG_00150877						
Field of study	Tourism and Hospitality						
Date of commencement of studies	October 2025		Academic year of realisation of subject		2025/2026		
Education level	Master's studies		Subject group		Obligatory subject group in the field of study Humanistic-social subject group		
Mode of study	full-time studies		Mode of delivery		at the university		
Year of study	1		Language of instruction		English		
Semester of study	1		ECTS credits		5.0		
Learning profile	academic		Assessment form		exam		
Conducting unit	Division of Spatial Studies -> Institute of Socio-Economic Geography and Spatial Management -> Faculty of Social Sciences -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		prof. dr hab. inż. Monika Trojanowska				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	60.0	30.0	0.0	0.0	0.0	90
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	90		30.0		30.0	150
Subject objectives	The scope of the subject is to familiarize students with the elements of infrastructure crucial for the sustainable functioning of the hospitality and tourism economy, with particular emphasis on transport, accommodation, recreational and sports infrastructure, and other components of spatial development used in hospitality and tourism.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[THMU2_W02] In greater depth, complexity and connections of tourism with the principles and objectives of sustainable development and spatial order, and understands their importance for the economy	Student lists the spatial conditions of tourist infrastructure and its importance in shaping spatial order and sustainable development	[SW2] presentation/project/paper/report
	[THMU2_W03] In greater depth, economic, social, cultural, legal and natural conditions for the development and functioning of tourism and hospitality, and its interdisciplinary theoretical and practical dimensions, with particular emphasis on the needs of the local community as well as the requirements and expectations of tourists	Student discusses the needs of the local community in the field of tourist infrastructure, taking into account the socio-cultural, spatial, environmental and economic context	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work [SW5] implementation of a problem task
	[THMU2_U07] carry out complex research or project tasks in the field of tourism, interacting with others, taking a leading role in teams and presenting the results of these studies in written and oral form using specialized terminology	Student working in a team, solves tasks related to the assessment and planning of tourist infrastructure using specialized terminology	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU5] implementation of a problem task
	[THMU2_U05] formulate and test hypotheses concerning the conditions (natural, social, economic, cultural, legal) of the tourism economy	Student formulates and tests hypotheses regarding the state and possibilities of development of tourist infrastructure, taking into account local conditions	[SU2] presentation/project/paper/report
	[THMU2_K01] critical evaluation of knowledge and learning content	Student is ready to critically assess the level of development of tourist infrastructure on the basis of available information	[SK2] presentation/project/paper/report
Subject contents	Lectures 1. Mobility 2. Transportation 3. Universal Accessibility 4. MICE Infrastructure 5. Planning sustainable tourism and hospitality infrastructure 6. Dimensions of tourism spaces 7. Designing a friendly and resilient tourism space 8. Designing for hospitality 9. Destinations and Attractions 10. Accommodation 11. Tourism, Development, and the Environment Tutorials 1. Components of the transportation systems 2. Grading in the accommodation sector 3. Designing for hospitality 4. Designing a friendly and resilient tourism space 5. Destination trends 6. SDG and tourism infrastructure 7. Tourism, Development, and the Environment		
	A. Formal requirements: no formal requirements B. Prerequisites: Knowledge, skills, and competences at the general level of undergraduate studies.		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Written exam test & open-ended questions	51.0%	50.0%
	Project and presentation (during classes).	51.0%	50.0%
