

Subject card

Subject name and code	Proseminar, PG_00178354						
Field of study	Finance and Accounting						
Date of commencement of studies	October 2025		Academic year of realisation of subject		2026/2027		
Education level	Bachelor's studies		Subject group		Obligatory subject group in the field of study Subject group related to scientific research in the field of study		
Mode of study	part-time studies		Mode of delivery		at the university		
Year of study	2		Language of instruction		Polish		
Semester of study	4		ECTS credits		1.0		
Learning profile	academic		Assessment form		credit		
Conducting unit	Department of Banking and Finance -> Faculty of Management -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Błażej Lepczyński				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	8.0	0.0	0.0	0.0	0.0	8
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	8		1.0		16.0	25
Subject objectives	Introducing students to the methodological principles of thesis writing and preparing them to undertake this task; equipping students for active participation in diploma seminars.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[FiRL3_U10] The student can convey information clearly and effectively, presenting their opinions using finance and accounting terminology across various media.	The student effectively communicates ideas and conclusions related to bachelor's thesis writing, demonstrating the ability to apply appropriate terminology.	[SU2] presentation/project/paper/report
	[FiRL3_W01] The student has advanced knowledge and understanding of the nature and evolution of management, quality, economics, and finance theories and their place in the social sciences system, particularly from the perspectives of finance and accounting.	The student demonstrates knowledge and understanding of selected theories in finance and accounting and their relevance within the broader framework of social sciences, particularly in the context of thesis preparation.	[SW4] test/exam - oral or written [SW2] presentation/project/paper/report
	[FiRL3_U01] The student can analyze and interpret socio-economic processes and phenomena—from the finance and accounting perspective—using knowledge and tools from management, quality sciences, economics, and finance.	The student is capable of utilizing knowledge from finance, accounting, and related fields to analyze socio-economic processes in the context of thesis preparation.	[SU2] presentation/project/paper/report
	[FiRL3_K01] The student is prepared to acquire the knowledge necessary to tackle cognitive and practical problems, particularly in finance and accounting. Additionally, the students are ready to assess their current knowledge and the information they receive critically and consult with experts if they have difficulties solving the problem independently.	The student shows a willingness and ability to independently seek out and critically evaluate information required to develop a thesis topic in finance and accounting.	[SK1] oral statement/conversation/discussion
Subject contents	- General structure of a thesis and the principles of creating a table of contents, introduction, chapters, subchapters, summary, and bibliography - Formulating the research problem and the aim of the thesis; principles of presenting results and drawing conclusions - Basic research methods and stages of the research process - Guidelines for preparing and describing figures, tables, photographs, etc. - Principles of using and citing scientific publications and other sources - Familiarization with examples of scientific publications and their evaluation according to specified criteria - Research ethics and the issue of plagiarism - Common mistakes in writing bachelor's theses - Artificial intelligence in academic work		
Prerequisites and co-requisites	Students should be familiar with basic concepts in finance.		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Written project	51.0%	30.0%
	Test	51.0%	70.0%
