	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	16		3.0		31.0	50
Subject objectives	1. To familiarize the student with the principles of scientific research and the preparation of the thesis text. 2. To assist the student in the substantive preparation and help in editing the thesis.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ZARZMU2_K03] The student is ready to think and act entrepreneurially and responsibly, initiate, coordinate, and participate in projects that benefit the social environment and the public interest, and inspire others in this area.	The student is able to reach out to potential subjects under investigation.	[SK3] text preparation/written work
	[ZARZMU2_U02] The student can identify complex issues related to the organization's operations, the processes within it, and its relationships with a changing environment, proposing appropriate and innovative solutions.	The student can use his analysis of literature and research results for deriving conclusions and recommendations for the organizations being the objects of his research for the thesis.	[SU3] text preparation/written work
	[ZARZMU2_U01] Students can analyze and creatively interpret complex social and economic processes in business decision-making. They use structured knowledge and tools from management, quality sciences, economics, and finance.	Student is able to analyse data and literature.	[SU3] text preparation/written work
	[ZARZMU2_W06] The student possesses a thorough understanding of the principles of rational decision-making related to individual resources, functional areas within the organization, processes, and management levels. This understanding is based on a well-structured and theory-supported foundation in management, quality sciences, economics, and finance.	Student is able to apply theoretical knowledge on management to own research.	[SW3] text preparation/written work
	[ZARZMU2_U07] Students can create detailed written papers, including reviews, analyses, or research, along with presentations and oral discussions on management topics.	The student is able to write down in the form of the thesis' subsequent chapters the results of his/her analyses.	[SU3] text preparation/written work
Subject contents	Selection of the topic of the diploma thesis 2. The principles of developing the structure of the thesis 3. The technique of writing the thesis: editing references in the text, creating tables and figures, bibliography, etc. 4. Methods of conducting research 5. Formal criteria for evaluation of the thesis 6. The course of defense of the diploma thesis		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Preparation of subsequent parts of the thesis	51.0%	100.0%
