

Subject card

Subject name and code	WDW Recent findings in urban socio-economic development, PG_00179370						
Field of study	Socio-economic geography with elements of GIS						
Date of commencement of studies	October 2024		Academic year of realisation of subject			2025/2026	
Education level	Master's studies		Subject group			Obligatory subject group in the field of study Optional subject group Humanistic-social subject group	
Mode of study	full-time studies		Mode of delivery			at the university	
Year of study	2		Language of instruction			English	
Semester of study	3		ECTS credits			2.0	
Learning profile	academic		Assessment form			credit	
Conducting unit							
Name and surname of lecturer (lecturers)	Subject supervisor		dr Stabak Roy				
	Teachers		dr Stabak Roy				
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	30.0	0.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		0.0	30
Subject objectives	Providing students with the opportunity to learn about innovative solutions to problems in the field of spatial planning and urban policy that are currently being researched and/or applied abroad, familiarising them with the latest achievements of foreign scientists in the field of spatial planning, and teaching them specialised English.						
Learning outcomes	Course outcome		Subject outcome			Method of verification	
			refers to theories and trends in solving problems in spatial planning and development as well as in urban policy applied in other countries based on knowledge of research conducted by foreign scientists/practitioners			[SK4] test/exam - oral or written	
			reports on theories and trends in solving problems in spatial planning and development as well as in urban policy based on knowledge of research conducted by foreign scientists/practitioners			[SK4] test/exam - oral or written	
			critically analyses and selects English-language literature on the discussed methods of solving problems in the field of spatial planning and development and urban policy			[SK4] test/exam - oral or written	
			uses specialist terminology in the field of planning and spatial development as well as urban policy to create analyses in English			[SK4] test/exam - oral or written	

Subject contents	A1. Key urban studies debates Cities, place and the global economy (relating soc. theory to real existing cities and the Global South East) A2. Cohesion, Security and Urban Development A3. The European Unions Urban Agenda A4. Suburbanisation and the Smart City concept in Poland and in selected countries A5. Urban Development Debates and Issues in Poland A6. New Urban Agendas in Poland and Waterfront development		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Essay	51.0%	100.0%
