Subject objectives	Workshop for supporting people in life crises. Refers to supporting the resolution of individual problems and life crises - both in terms of examining the process of falling into difficult situations (accumulation of life difficulties, traumas, negative turns and life breakdowns), as well as ways to recover from crises - seeking resources and support.Students will learn about ways to support the healing process, coping with stress, job burnout and the experience of "meaninglessness."						

Learning outcomes	Course outcome	Subject outcome	Method of verification
