

Subject card

Subject name and code	Master Seminar, PG_00148805						
Field of study	Insurance - Interdisciplinary Studies						
Date of commencement of studies	October 2025		Academic year of realisation of subject			2026/2027	
Education level	Master's studies		Subject group			Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study	
Mode of study	part-time studies		Mode of delivery			at the university	
Year of study	2		Language of instruction			Polish	
Semester of study	3		ECTS credits			3.0	
Learning profile	academic		Assessment form			credit	
Conducting unit	Department of Banking and Finance -> Faculty of Management -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Ewa Wycinka				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	16.0	16
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	16		30.0		29.0	75
Subject objectives	Supporting the student in the preparation of the thesis concept and writing the first part of the thesis. Discussing principles of scientific problem solving, research methods that are universal and specific to the scienceseconomic and legal sciences, sources of literature and ways to use them, the structure of a scientific paper.Analysis of sample scientific texts.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[UBEZMU2_W03] The student knows and understands the main trends in the development of insurance as a subject of study in the disciplines of economics and finance and legal sciences.	The student knows the principles of interpretation of insurance law	[SW3] text preparation/written work
	[UBEZMU2_K01] The student is critically aware of the level of his knowledge and skills, recognizes the importance of knowledge in solving cognitive and practical problems in the field of insurance, consults experts in case of difficulties in solving the problem independently.	The student is critically aware of the level of his knowledge and skills, recognizes the importance of knowledge in solving cognitive and practical problems in the field of insurance, consults experts in case of difficulties in solving the problem independently.	[SK3] text preparation/written work
	[UBEZMU2_W01] The student has an expanded knowledge of insurance and its place in the system of sciences of economics and finance and legal sciences and its relationship to other sciences.	The student has an extended knowledge of the application of the insurance method in the management of risk in economic entities and in social policy and their connection with various disciplines of science.	[SW1] oral statement/conversation/discussion [SW3] text preparation/written work
	[UBEZMU2_K04] The student adheres to the principles of business ethics, respects the law, is objective, is able to recognize conflicts of interest, correctly identifies and resolves dilemmas.	The student adheres to the principles of business ethics, respects the law, is objective, is able to perceive conflicts of interest, correctly identifies and resolves dilemmas related to the performance of the profession	[SK1] oral statement/conversation/discussion [SK3] text preparation/written work
	[UBEZMU2_U01] The student has in-depth skills of observation and interpretation of phenomena related to economic and legal aspects of insurance, including the use of advanced information and communication techniques, and is able to integrate knowledge from various scientific disciplines.	The student has in-depth skills in observing and interpreting phenomena related to economic, social and legal aspects of private and social insurance. Is able to interpret insurance law in solving casus	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work
	[UBEZMU2_W05] The student knows and understands the dilemmas of modern insurance on scientific and practical grounds.	The student knows and understands the dilemmas of modern insurance on scientific and practical grounds.	[SW1] oral statement/conversation/discussion [SW3] text preparation/written work
	[UBEZMU2_U04] The student communicates on specialized topics in the field of insurance with various audiences, including participation and discussion.	The student communicates on specialized insurance topics with a diverse audience.	[SU1] oral statement/conversation/discussion
	[UBEZMU2_W02] The student has advanced and structured knowledge of various types of structures and institutions and the changes taking place in them, especially the insurance and financial system of market and public character. The student has known the interrelationships between these structures and institutions on a national and international scale.	The student has advanced and structured knowledge of different types of insurance structures and institutions and the changes in them.	[SW1] oral statement/conversation/discussion [SW3] text preparation/written work
	[UBEZMU2_K03] The student thinks creatively, is able to go beyond the usual patterns, is able to think and act in an entrepreneurial manner, is able to adapt flexibly to the requirements of the environment.	The student thinks creatively, is able to go beyond the usual patterns and propose solutions to the application of insurance in risk management.	[SK3] text preparation/written work

Subject contents	Methods of solving scientific problems in various scientific disciplines Sources of literature and its critical analysis Features and structure of a scientific study Stylistic and grammatical forms in scientific studies Methods of graphical data analysis		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	text analysis with discussion	51.0%	25.0%
	presenting the concept of the thesis and its first part	51.0%	75.0%
