	Number of study hours	30		2.0		18.0	50
Subject objectives	The aim of the course is to provide an organized, basic knowledge of selected topics in practical Swedish phonetics. The purpose of the exercises is to highlight the distinctive features of Swedish pronunciation, such as long and short vowels, and different word accents. This is intended to prepare students to apply this knowledge not only in their professional practice but also during presentations related to the subject matter discussed here.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[SKANL3_K05] He is ready to fulfill the professional role of an employee in Nordic companies operating in the Polish job market or Polish companies collaborating with Nordic countries, including in the promotion of literature.	The student improves their listening comprehension skills in interactions with representatives of Swedish companies.	[SK8] observation of student's independent or team work
	[SKANL3_U01] He is able to search, select, analyze, and interpret information using advanced information and communication techniques, in Polish, English, or one of the Nordic languages (Swedish, Norwegian, Danish, Finnish), employing appropriate terminology.	The student is able to search for, select, analyze, and interpret information regarding practical Swedish phonetics. They also possess the ability to correctly read the texts they are learning. The student can formulate short spoken statements with correct pronunciation, as well as understand and accurately transcribe spoken text in Swedish	[SU1] oral statement/conversation/discussion [SU4] test/exam - oral or written
	[SKANL3_K04] He independently undertakes and initiates research activities in the field of literary and linguistic studies within the Scandinavian Studies program, and is ready to fulfill the professional role of a philologist.	The student takes care to pronounce Swedish carefully and strives to improve it.	[SK1] oral statement/conversation/discussion [SK4] test/exam - oral or written
	[SKANL3_W04] He is familiar with selected, advanced terminology in the field of literary studies, linguistics, as well as cultural and religious studies of the Nordic region, in Polish, English, or one of the Nordic languages (Swedish, Norwegian, Danish, Finnish).	The student knows the terminology in Swedish phonetics; understands how to explain differences implied by vowel length; distinguishes phonetic and phonological phenomena; knows the basic rules of correct Swedish pronunciation.	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion
	[SKANL3_W02] He possesses an advanced understanding of the grammar and vocabulary of one of the Nordic languages (Swedish, Norwegian, Danish, Finnish), comprehends its position in the world, and its relationships with other languages.	The student identifies the lexical and grammatical meanings of words differentiated by, for example, the length of sounds or word accents.	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion
Subject contents	Issues covered in the exercises: basic concepts of phonetics and phonology, structure of the speech apparatus, vowels and their types, consonants and their types; word stress, vowel length, phonetic rules, sentence intonation.
