Subject objectives

Getting to know the institutional landscape of the cultural sphere in Poland, i.e. traditional and new social actors operating in the area of organizing the space of participation in culture. In this way, the student learns both the functioning of the institutions themselves and their relations with the immediate environment - cultural participants and actors of the political system. In this way, the student learns different approaches to understanding the field of culture and cultural policy.

Learning outcomes

Course outcome	Subject outcome	Method of verification
