

Subject card

Subject name and code	Quality of life in the context of sustainable development, PG_00176719						
Field of study	Sociology						
Date of commencement of studies	October 2026		Academic year of realisation of subject		2028/2029		
Education level	Bachelor's studies		Subject group		Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study		
Mode of study	full-time studies		Mode of delivery		at the university		
Year of study	3		Language of instruction		Polish		
Semester of study	5		ECTS credits		1.0		
Learning profile	academic		Assessment form		exam		
Conducting unit							
Name and surname of lecturer (lecturers)	Subject supervisor		dr Piotr Pawliszak				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	0.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		0.0		10.0	25
Subject objectives	The purpose is to show the essence of quality of life, presenting theoretical and empirical aspects of quality of life in the context of sustainable development. To identify and analyze the dimensions and factors shaping quality of life in post-modern society. The student will learn about subjective and objective definitions of quality of life and interdependencies with the concept of sustainable development.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
