Subject objectives	The aim of the course is to broaden and deepen the student's knowledge and skills acquired during poetics classes. Classes on the analysis of literary works are intended to teach inquisitive reading and interpretation of literary works, with particular emphasis on prose and drama. At the same time, they develop the ability to practically apply a system of basic literary concepts and categories (e.g. narrative, plot, time, space, literary character, metaphors, style and stylization, symbol, allegory, theme, irony, grotesque, intertextuality or reception).
