	[FRIMU2_U02] Has advanced research skills, selects adequate methods, techniques and tools, draws conclusions, develops and presents results in the field of literary studies or linguistics, and is able to use and integrate knowledge from several scientific disciplines.	The student has a practical ability to use methodological and interpretative tools in the analysis of various forms and mechanisms of language and communication discussed within the course (e.g. the sequential model of discourse in the Spanish-speaking world, the ideological dimension of lexicographic definitions, manifestations of linguistic racism in Latin America, addressative systems...).	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU4] test/exam - oral or written
	[FRIMU2_K01] Has a deepened awareness of the level of his knowledge and skills, is able to critically evaluate the received content, as well as apply his knowledge in solving cognitive and practical problems.	The student is able to apply his or her knowledge in solving communicative and interactive problems.	[SK6] demonstration of practical skills [SK8] observation of student's independent or team work
	[FRIMU2_W03] Knows at an in-depth level the terminology, theory and methodology of linguistics and didactics in French or Spanish.	The student knows terminology, theory and methodology in the field of contemporary Spanish linguistics at an advanced level. He uses theoretical and methodological concepts developed as part of new methodological approaches in the field of post-structuralist linguistics (sociolinguistics, sociopragmatics, interactive linguistics, conversational analysis, contemporary ethnolinguistic, lexicological and lexicographic approaches [including, among others, new ways of defining and the influence of ideology on lexicography]...).	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion [SW5] implementation of a problem task
	[FRIMU2_W11] Knows and understands the relationship between the formation of language and changes in culture and society; has an in-depth knowledge of the complex nature of language and its importance in cognitive processes.	The student has the knowledge to analyze linguistic and communicative phenomena in the Spanish-speaking world with the use of methodological instruments of an interdisciplinary nature, going beyond the paradigm of systemic-structuralist analysis dominant in traditional linguistics.	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report
	[FRIMU2_K03] Identifies priorities appropriately in order to achieve a task defined by him/herself or others, formulates proposals for a solution on the basis of an analysis of the situation and problems.	The student adequately sets priorities for the implementation of interpretative and analytical tasks.	[SK2] presentation/project/paper/report
	[FRIMU2_U04] Correctly applies the learned scientific terminology in French or Spanish, accurately defines concepts in literary studies, linguistics and didactics.	The student correctly applies the linguistic terminology learned in Spanish, accurately defines concepts from the research areas of contemporary linguistics of Spanish-speaking countries (especially in the field of linguistic pragmatics, sociolinguistics, ethnolinguistic, interactive, comparative and transcultural approaches).	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU4] test/exam - oral or written
	[FRIMU2_W08] Has a thorough knowledge of the interpretation of scientific text in the humanities.	The student has a thorough knowledge of the interpretation of a scientific text in the field of humanities, with particular emphasis on academic texts in the field of contemporary Spanish linguistics, taking into account the so-called "communicative turn".	[SW2] presentation/project/paper/report [SW3] text preparation/written work

	[FRIMU2_W07] Knows in detail contemporary achievements, research centres and schools in linguistics and didactics, understands their historical and cultural conditions and development trends.	The student knows in detail the contemporary achievements, research centers and schools in the field of contemporary linguistics developing in Spanish-speaking countries; understands their historical and cultural conditions and development tendencies. He is able to indicate the change in the research paradigm taking place within post-structuralist linguistics. Is able to distinguish analytical and interpretative tools used in contemporary lexicology and lexicography, pragmatics, sociolinguistics, comparative studies and interactive linguistics.	[SW4] test/exam - oral or written [SW2] presentation/project/paper/report
	[FRIMU2_U05] Is able to interpret literary and scientific texts in the humanities, is able to make an accurate analysis and apply an original approach.	The student is able to interpret a scientific text in the field of contemporary Spanish linguistics, is able to make an accurate, critical analysis of the approaches referred to (especially approaches typical of contemporary Spanish interactionism) and to apply an original approach in the interpretation of the discussed linguistic and communicative phenomena (including, among others, in the interpretation of phenomena such as: the sequential order of discourse and its specificity in the Spanish-speaking world, the functional range of nominal and pronominal terms of address, contemporary lexicographic metalanguage, linguistic racism, linguistic politeness...).	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report
	[FRIMU2_W05] Knows and understands the interrelationships between the different disciplines of the humanities and social sciences.	The student knows and understands the relationships between various disciplines of the humanities and social sciences, especially language sciences. It recognizes the relationships between contemporary Spanish linguistics and the so-called borderland disciplines. He is aware of the importance of trans- and intercultural approaches in the analysis of forms and mechanisms of language and communication.	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report
	[FRIMU2_U01] Seeks, analyses, evaluates, selects and uses information from a variety of sources, writes research papers in French or Spanish with an independent selection of literature, is able to document them appropriately and create an adequate bibliography.	The student uses a variety of Spanish-language academic bibliographic databases (including dialnet.es) and Spanish language corpora. On the basis of the collected literature on the subject and using the interpretative and methodological apparatus developed as part of the course, he edits problematic papers, in which he analyzes linguistic and communicative phenomena recorded in the Spanish-speaking world.	[SU2] presentation/project/paper/report [SU3] text preparation/written work
