Subject objectives	The aim of the course is to familiarize students with the diversity of contemporary literature and art in Spanish-speaking countries. The lecture describes in a cross-sectional way the most important tendencies, both genre and thematic, of contemporary prose, drama, poetry, and art. Thanks to the knowledge gained, students will be oriented in the contemporary cultural life of Spanish-speaking countries.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[FRIMU2_U02] Has advanced research skills, selects adequate methods, techniques and tools, draws conclusions, develops and presents results in the field of literary studies or linguistics, and is able to use and integrate knowledge from several scientific disciplines.	Students can independently research cultural texts, selecting appropriate research methods in the field of literary studies and in a broader cultural studies context.	[SU4] test/exam - oral or written
	[FRIMU2_U06] Is able to argue substantively in the context of selected perspectives, is able to present his/her own ideas, doubts and suggestions, create synthetic summaries, and use the views of other authors while observing ethical principles.	Students can formulate written and oral statements using appropriate and logical argumentation. They can enter into a discussion with the issues presented, make a synthesis and refer to the works of other authors.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU4] test/exam - oral or written
	[FRIMU2_W12] Has an in-depth knowledge of cultural institutions and an orientation to contemporary cultural and economic life, knows and understands the specificity of contemporary French- or Spanish-language literature and art, understands the relationships between cultural texts, as well as the economic and legal conditions of cultural activity and the principles of creation and development of various forms of entrepreneurship.	Classes on contemporary cultural texts understood here in a broad aspect (literature, comics, theatre, art and visual arts, music) give students basic but also broad knowledge of the phenomena occurring in the contemporary culture of Spanish-speaking countries, their mutual connections, similarities, and differences.	[SW4] test/exam - oral or written [SW2] presentation/project/paper/report
	[FRIMU2_W02] Has an in-depth level of knowledge of terminology, theory and methodology in literary studies in French or Spanish.	Students have knowledge of literary theory, as well as the necessary nomenclature in Spanish.	[SW4] test/exam - oral or written
	[FRIMU2_W01] Has an in-depth knowledge of the material and methodological specificities of philology, as well as knowledge of the place and significance of philology in relation to other human sciences.	The analysis of the discussed cultural texts expands the students' knowledge of the methodology used in the humanities, as well as the specificity of philology in this area.	[SW4] test/exam - oral or written
	[FRIMU2_U05] Is able to interpret literary and scientific texts in the humanities, is able to make an accurate analysis and apply an original approach.	Thanks to the analysis of cultural texts studied during classes and reading additional scientific texts, students can interpret texts and analyze them independently.	[SU4] test/exam - oral or written
	[FRIMU2_U04] Correctly applies the learned scientific terminology in French or Spanish, accurately defines concepts in literary studies, linguistics and didactics.	Students can correctly use the scientific terminology they have learned in Spanish. They can also define concepts in the field of literary studies.	[SU4] test/exam - oral or written
	[FRIMU2_W06] Has a detailed knowledge of contemporary developments, research centres and schools in the field of literary studies, understands their historical and cultural background and developmental trends	Students have appropriate methodological knowledge necessary while use in practice through and thanks to the analysis of various cultural texts: from literature to theatrical text or comics. The diversity of texts covered in class makes students understand the interdisciplinary nature of contemporary research methods in the humanities.	[SW4] test/exam - oral or written
	[FRIMU2_K02] Undertakes individual and team professional activities plans and organizes their course, engages in cooperation, understands the need for continuous professional development and care for professional ethos. Undertakes activities for the social environment and public interest.	Practice related to the preparation of teamwork gives students the competences needed to undertake individual and team activities. Group activities equip students with the skills to professionally plan and organize the course of work and to properly engage in the work performed in a team.	[SK2] presentation/project/paper/report

	Course outcome	Subject outcome	Method of verification
	[FRIMU2_K03] Identifies priorities appropriately in order to achieve a task defined by him/herself or others, formulates proposals for a solution on the basis of an analysis of the situation and problems.	Teamwork (project or presentation), which is the part needed to pass the course, equips students with competences that allow them to properly set priorities and set appropriate solutions, and thus to effectively implement the task. These competences are useful both in the process of writing a diploma thesis and in their future professional work.	[SK2] presentation/project/paper/report [SK5] implementation of a problem task
