

Subject card

Subject name and code	Methodology of Voice Emission, PG_00150661						
Field of study	Logopedics						
Date of commencement of studies	October 2026		Academic year of realisation of subject			2027/2028	
Education level	uniform Master's studies		Subject group			Obligatory subject group in the field of study Subject group related to practical vocational preparation	
Mode of study	full-time studies		Mode of delivery			at the university	
Year of study	2		Language of instruction			Polish	
Semester of study	4		ECTS credits			2.0	
Learning profile	practical		Assessment form			credit	
Conducting unit	Institute of Logopaedics -> Faculty of Languages -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Grzegorz Kołodziej				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	20.0	0.0	0.0	0.0	0.0	20
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	20		2.0		28.0	50
Subject objectives	The student arranges basic knowledge of the humanities, social and medical sciences relevant to the direction of speech therapy, oriented to practical application in voice emission. It expands knowledge about communication competence realized with the conscious use of voice as a communication tool. It expands the knowledge of language communication disorders in which voice disorders co-occur.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[LOGJ5_K01] He is ready to critically evaluate his linguistic (including speech therapy) knowledge and modify and supplement it, as well as improve his professional skills; he is ready to formulate moral problems and ethical dilemmas related to his own and others' therapeutic work.	He understands and can inspire learning activities of other people They work together in a group and cares about patient safety	[SK1] oral statement/conversation/discussion
	[LOGJ5_W09] He knows and understands the principles of linguistic communication of adults using voice in professional work, has in-depth knowledge of the disorders noted in this group, their diagnosis and therapy.	He has knowledge of disorders Voices appearing as basic disorder and Co-acting with others speech and language disorders	[SW1] oral statement/conversation/discussion [SW3] text preparation/written work
