

Subject card

Subject name and code	Descriptive Grammar of German - lecture I, PG_00188824						
Field of study	German Studies						
Date of commencement of studies	October 2026		Academic year of realisation of subject		2026/2027		
Education level	Bachelor's studies		Subject group		Obligatory subject group in the field of study Subject group related to scientific research in the field of study		
Mode of study	full-time studies		Mode of delivery		at the university		
Year of study	1		Language of instruction		Polish		
Semester of study	2		ECTS credits		3.0		
Learning profile	academic		Assessment form		exam		
Conducting unit	Division of German Language and Translation Studies -> Institute of German Philology -> Faculty of Languages -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Anna Socka				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	30.0	0.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		2.0		43.0	75
Subject objectives	The purpose of the lectures is to acquaint students with systematized knowledge of morphology and the knowledge of parts of speech, explain important universal linguistic concepts, expand grammatical competence at the theoretical level.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[FGL3_W01] They have advanced knowledge and understanding of methodologies, theories and terminology constituting fundamental general knowledge in the field of linguistics applicable to research on the German language		They know and understand linguistic terminology as well as the basic theoretical approaches and methods of analysis in the fields of inflection and the study of parts of speech in the German language.
