	Number of study hours	30		2.0		43.0	75
Subject objectives	The aim of the course is to familiarize students with the role and importance of professional standards and presentation of best practices in the financial industry. Students should be able to identify, analyze and manage ethical issues related to their professional activity.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[FiRMU2_W07] The student possesses a comprehensive understanding of regulations and legal, organizational, and ethical norms, including the protection of intellectual property relevant to finance and accounting.	The student is able to assess whether legal, organisational, moral and ethical standards and principles in the field of finance and accounting have been complied with in specific cases. They verify whether the principles of industrial property protection and copyright law are observed in the analysed situations.	[SW3] text preparation/written work
	[FiRMU2_K02] The student is prepared to assume professional roles with responsibility, to understand and uphold the principles of professional ethics, and to act in accordance with them. Additionally, the student is committed to fostering achievements and upholding the values and traditions of professions related to finance and accounting.	In accordance with the principles of business ethics, students use the acquired knowledge in various areas and forms to formulate solutions to problems in finance and accounting that arise in business practice. They are aware of the limitations imposed on business activities by law, ethics and social norms, and generate solutions that are beneficial to the company and respect these limitations.	[SK4] test/exam - oral or written
	[FiRMU2_U05] From a finance and accounting perspective, the student can identify and correctly apply legal, professional, and ethical norms within the realms of management, quality sciences, economics, and finance.	The student is able to identify conflicts of interest and decide how to resolve or avoid them. They correctly examine and develop solutions to dilemmas related to the profession of manager, economist and financier.	[SU4] test/exam - oral or written
