	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	40		2.0		133.0	175
Subject objectives	Introducing students to the concept of business models, with particular emphasis on modern ones, as well as with methods for designing them. Developing the ability to analyze, evaluate, and design modern business models.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ZARZL3_W05] The student has advanced knowledge and understanding of methods and techniques for acquiring, developing and using data in decision-making and management processes.	The student identifies and characterizes data-driven methods used for designing and evaluating business models.	[SW4] test/exam - oral or written
	[ZARZL3_W07] The student has advanced knowledge and understanding of regulations and legal, organizational, and ethical norms, including those relating to intellectual property protection, which are relevant to business decision-making.	The student lists and describes both legal and non-legal conditions influencing the functioning of modern business models.	[SW4] test/exam - oral or written
	[ZARZL3_U04] The student can correctly select and properly apply methods and tools from management and quality sciences, as well as economics and finance, to decision-making processes.	The student analyzes and evaluates modern business models, justifies their value for stakeholders, and selects and applies methods for their design.	[SU2] presentation/project/paper/report
	[ZARZL3_W02] To an advanced degree, the student knows and understands the essence and functioning of different types of organizations, their articulations, functional areas and processes, and their connections with the environment.	The student describes traditional and modern business models and identifies the strengths and weaknesses of different types of business models.	[SW4] test/exam - oral or written
