

Subject card

Subject name and code	Diploma Seminar 2, PG_00178254						
Field of study	Management						
Date of commencement of studies	October 2026	Academic year of realisation of subject			2028/2029		
Education level	Bachelor's studies	Subject group			Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study		
Mode of study	full-time studies	Mode of delivery			at the university		
Year of study	3	Language of instruction			Polish		
Semester of study	6	ECTS credits			5.0		
Learning profile	academic	Assessment form			credit		
Conducting unit							
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Jarosław Waśniewski				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	35.0	35
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	35		4.0		86.0	125
Subject objectives	<p>The aim of this course is to prepare students to write a bachelor's thesis, in particular to develop thesis assumptions research objectives and problems that will allow for the submission of two parts of the thesis: Preparation to define the thesis assumptions, its purpose, subject, subject, and research problem Supervision of the collection and critical analysis of the literature and other sources relevant to the thesis topic Preparation to write the second part of the thesis Preparation for submission of all parts of the thesis Discussing, revising, and improving the thesis, with particular emphasis on the empirical part, including analyzing results, confirming the achievement of the research objectives, obtaining answers to research questions, and drafting conclusions</p>						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[ZARZL3_U04] The student can correctly select and properly apply methods and tools from management and quality sciences, as well as economics and finance, to decision-making processes.	The student is able to properly use the research methods he or she has proposed to achieve the adopted research goal	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work
	[ZARZL3_U03] The student can obtain data from properly selected and verified sources and use these data to analyse and evaluate economic processes and phenomena.	The student is able to collect, analyze and interpret appropriate sources and data, allowing him to achieve the aim of the work and prepare to solve the research problem	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work
	[ZARZL3_W05] The student has advanced knowledge and understanding of methods and techniques for acquiring, developing and using data in decision-making and management processes.	The student has knowledge of the necessary research methods and of current literature and other sources needed to write a bachelor's thesis.	[SW1] oral statement/conversation/discussion [SW3] text preparation/written work
	[ZARZL3_U02] The student can identify problems related to the organization's functioning, its processes, and its relations with the environment and propose adequate solutions.	The student is able to create chapters of a bachelor's thesis in writing, analyze the phenomena that are the subject of interest in these chapters, making the appropriate selection of literature and sources for this topic	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work
	[ZARZL3_U10] The student can convey information clearly and effectively, presenting their opinions using management and quality sciences terminology across various media.	The student is able to specify the research objective, research problems and related scientific questions in order to achieve the established goals and obtain answers to the research questions.	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work
	[ZARZL3_K02] The student is ready to perform professional roles responsibly, observe professional ethics and require this of others, and care for the achievements and traditions of the management profession.	The student recognizes the importance of demonstrating an ethical attitude by observing appropriate principles and accepts responsibility for conducting his/her research reliably.	[SK1] oral statement/conversation/discussion [SK3] text preparation/written work
	[ZARZL3_U07] The student can prepare written papers, presentations, and oral speeches on management issues.	The student is able to use many sources allowing him to recognize the complexity of various issues, phenomena and problems related to the topic and scope of work.	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work
[ZARZL3_K01] The student is prepared to acquire the knowledge necessary to tackle cognitive and practical problems, particularly in management and quality sciences. Additionally, the students are ready to assess their current knowledge and the information they receive critically and consult with experts in case they have difficulties solving the problem independently.	The student is able to use the collected theoretical material to solve the assumed work objective and research problem and is prepared to further deepen knowledge and critically analyze it, being aware of the need to constantly update the sources needed for the proper preparation of the work.	[SK1] oral statement/conversation/discussion [SK3] text preparation/written work	
Subject contents	<p>dr hab. Jarosław Waśniewski</p> <p>Application of management concepts, particularly the concept of outsourcing. Effectiveness in organizational management. Planning, organizing, including the creation of organizational structures, motivation, and control in the organizational management process. Building development strategies. Modeling economic processes. People in the management process.</p>		
Prerequisites and co-requisites	Issues related to the basics of management		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Opracowanie rozdziałów pracy dyplomowej	51.0%	100.0%
Recommended reading	Basic literature	Z. Szkutnik, Methodology of writing a diploma thesis, Wydawnictwo Poznańskie, Poznań 2005	
	Supplementary literature	-	
	eResources addresses		

Example issues/ example questions/ tasks being completed	-
Work placement	Not applicable
