Subject contents	The classes will focus on the practical aspect of acting in the field of culture. Under the supervision of the instructor, students will work on specific, original ideas that can become real events in culture. Students will have the opportunity to practice their skills. They will learn methods for, among others: conducting problem analysis and partner analysis, defining goals and tasks within the project, as well as preliminary preparation of the budget and promotional activities. The aspect of communication and cooperation within project groups and the attitude of their members will be important.
