	[PAGMU2_WG02] At an advanced level, the student knows and understands key regulatory issues related to the structure of the state, public administration, and the work of civil servants, as well as the legal and organizational conditions of selected areas of economic and social life.	The student knows and understands the key issues related to the use of accounting in the process of managing an entity, including the profitability of long- and short-term decisions, assessment of the financial situation of the organization, risk assessment, and the threat of bankruptcy.			[SW4] test/exam - oral or written [SW1] oral statement/ conversation/discussion		
	[PAGMU2_WG03] The student comprehensively recognizes and explains theories and methods related to the functioning and management of organizations, including those concerning human resource management, office administration, management accounting, as well as conducting negotiations and resolving disputes.	The student knows the principles of evaluation of projects in the field of finance and accounting (profitability of long- and short-term decisions, assessment of the financial situation of the organization, risk assessment, threat of bankruptcy).			[SW4] test/exam - oral or written [SW1] oral statement/ conversation/discussion		
	[PAGMU2_KR03] The student is focused on responsibly fulfilling professional roles and developing his professional achievements in positions within public administration, administrative services of economic entities, and non-governmental organizations.	The student understands the need and is prepared to responsibly perform professional roles related to positions in public administration, administrative services of business entities and non-governmental organizations and to demand the same from others.			[SK1] oral statement/conversation/ discussion [SK4] test/exam - oral or written
