	Number of study hours	10		0.0		40.0	50
Subject objectives	Presenting the principles and mechanisms of personal data protection, as well as the procedure to be followed in the event of a breach of such protection. Outline the rights of citizens and non-state actors in accessing public information, the prerequisites for making it available and the corresponding information obligations of public actors.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[PAGMU2_WG01] At an advanced level, the student identifies and understands the facts, phenomena, and their interactions related to the functioning of public authorities, administration, civil servants, the economy, and economic entities. He also knows the terminology, methods, and theories derived from legal sciences and related disciplines, relevant to issues concerning administration and the economy.	The student knows and understands the principles of personal data protection and access to public information.	[SW4] test/exam - oral or written [SW1] oral statement/conversation/discussion
	[PAGMU2_UW01] The student is able to use his knowledge and sources of information, including advanced information and communication techniques and professional tools for acquiring information, to analyze and resolve complex problems, as well as to interpret legal, social, and political phenomena within the scope of the functioning of administration and the economy.	The student demonstrates creative thinking about the role of the data subject and the controller, as well as the entity entitled to access public information and the entity obliged to provide it.	[SU1] oral statement/conversation/discussion [SU4] test/exam - oral or written
	[PAGMU2_KK01] The student is ready to critically assess the usefulness of the procedures and practices learned, related to various areas of the curriculum of his studied field. He is open to the importance of knowledge in solving theoretical and practical problems and effectively justifying assessments, opinions, and proposed solutions. When necessary, he seeks expert opinions, including those from legal doctrine and jurisprudence.	The student understands the necessity and principles of personal data protection. The student is able to justify his/her standpoint. The student is able to exercise his/her rights concerning the access to public information and is able to recognize a justified demand for access to such information.	[SK1] oral statement/conversation/discussion [SK4] test/exam - oral or written
	[PAGMU2_KO02] The student is capable and willing to use the knowledge and skills acquired in social activities; he is also ready to initiate the pursuit of the public interest, particularly through substantive support for a specific organization, performing his profession diligently and ethically; he is prepared to carry out tasks in the organization in an entrepreneurial manner.	The student understands the necessity and principles of personal data protection. The student is able to justify his/her standpoint. The student is able to exercise his/her rights concerning the access to public information and is able to recognize a justified demand for access to such information.	[SK1] oral statement/conversation/discussion [SK4] test/exam - oral or written
