	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		20.0	50
Subject objectives	The aim of the course is to outline the specificity of international maritime cooperation in the context of international legal regulations and the functioning of the so-called state and non-state maritime players. Particular attention will be paid to the specificity of activities promoting freedom of navigation, the principles of delimitation of sea areas and community activities to ensure maritime safety in its three main areas: navigation safety, protection of the marine environment and combating transnational crime. T						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[POLL3_U09] Can analyse and evaluate the process of governing and decision-making and see their consequences.	AAA	[SU8] observation of student's independent or team work
	[POLL3_U02] Is able to analyze and describe the origins and course of social, political, economic, legal, ethical, and cultural processes and phenomena from a historical perspective, as well as in contemporary states and globally, using theoretical knowledge.	AAA	[SU1] oral statement/conversation/discussion [SU5] implementation of a problem task
	[POLL3_K03] Is prepared to work in public organisations and institutions, including public administration bodies, political parties and other national and international organisations.	AAA	[SK1] oral statement/conversation/discussion [SK8] observation of student's independent or team work
	[POLL3_W06] Has knowledge in the field of comparative politics and is able to analyze and compare political processes, institutions, and the actions of states and organizations, including international ones, across different regions of the world.	AAA	[SW2] presentation/project/paper/report
	[POLL3_W15] Has advanced knowledge of significant events, processes, phenomena, and structures related to the history of Poland, Europe, and the world.	AAA	[SW1] oral statement/conversation/discussion [SW5] implementation of a problem task
	[POLL3_W14] Has advanced knowledge of the political organization of societies, states, and other political actors, the processes of their transformation, as well as relationships and networks at the local, regional, national, and international levels, within the framework of the selected module (specialization).	AAA	[SW1] oral statement/conversation/discussion [SW5] implementation of a problem task
	[POLL3_W11] Has an advanced knowledge of the mechanisms of governance and political decision-making, including knowledge of the principles and relationships between management, organizing and other interactions between entrepreneurship and politics, has advanced knowledge of the threats and challenges facing politics, including the principles of creating and developing forms of individual entrepreneurship.	AAA	[SW2] presentation/project/paper/report
	[POLL3_K01] Is prepared to participate in public life and in teams implementing social, political and civic projects at various levels of participation, and uses the acquired knowledge, skills and competencies to act in an entrepreneurial manner.
