

Subject card

Subject name and code	Contemporary Problems of Human Geography - lecture, PG_00193922						
Field of study	Geography						
Date of commencement of studies	October 2026	Academic year of realisation of subject			2028/2029		
Education level	Bachelor's studies	Subject group			Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study		
Mode of study	full-time studies	Mode of delivery			at the university		
Year of study	3	Language of instruction			English		
Semester of study	6	ECTS credits			3.0		
Learning profile	academic	Assessment form			credit		
Conducting unit	Division of Spatial Studies -> Institute of Socio-Economic Geography and Spatial Management -> Faculty of Social Sciences -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Jan Wendt				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	30.0	0.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		2.0		43.0	75
Subject objectives	The general idea of the course is to use critical thinking and critical questions to interpret and better understand a wide range of contemporary, both local and global, research problems in human geography. The course will focus on poststructuralist and postmodern geographies and spatial relations						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[GEOGRL3-W06] knows advanced methods of acquiring, processing, and compiling geographic environmental data, as well as methods of analyzing and interpreting such data	The student understands and interprets at an advanced level the processes and phenomena occurring in the cultural environment and its relations with natural conditions	[SW1] oral statement/ conversation/discussion [SW2] presentation/project/paper/ report
	[GEOGRL3-W03] knows and understands on advanced level social, economic, and political diversity in the world, as well as the social, economic, and political characteristics of countries and regions, especially northern Poland and the Pomeranian Province; understanding of socio-economic changes taking place in the modern world	understands the relationships and connections between natural processes and their economic and social consequences	[SW1] oral statement/ conversation/discussion [SW2] presentation/project/paper/ report
	[GEOGRL3-W05] knows the interactions between the natural and anthropogenic environments on various spatial and temporal scales, with particular emphasis on the processes and phenomena occurring in the area of the South Baltic Coast and Lake District and the conditions of these interactions	understands the holistic nature of geographical sciences, internal and external connections of components and factors, and interprets the changes occurring therein	[SW1] oral statement/ conversation/discussion [SW2] presentation/project/paper/ report
	[GEOGRL3-W04] has advanced knowledge of the Earth's geographical environment, understood as a unified system of interconnected and interacting components; its diversity, functioning, and dynamics of change, including the interaction of environmental components in the area of the South Baltic Coast and Lake District	understand and values and critically interprets the diversity of the geographical environment and the nature and direction of ongoing social, cultural and natural processes	[SW1] oral statement/ conversation/discussion [SW2] presentation/project/paper/ report
Subject contents	<p>Defining and re-defining human geography</p> <p>Methodological approaches in contemporary human geography</p> <p>Geography of globalisation and territorialisation</p> <p>Geography of leisure and pleasure</p> <p>Moral geographies and spatial justness</p> <p>New urban geographies</p> <p>Relational geography</p> <p>Geography of happiness</p> <p>Geographical discourses of identities</p> <p>Geography of imagination</p>		
Prerequisites and co-requisites	understanding basic geographical concepts, interpretation skills		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	activity in classes / participation in discussions	51.0%	40.0%
	evaluation of presentations	51.0%	60.0%
