

**Subject card**

<b>Subject name and code</b>	International Shipping and Port Markets, PG_00200096						
<b>Field of study</b>	International Economic Relations						
<b>Date of commencement of studies</b>	October 2026	<b>Academic year of realisation of subject</b>			2027/2028		
<b>Education level</b>	Master's studies	<b>Subject group</b>			Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study		
<b>Mode of study</b>	part-time studies	<b>Mode of delivery</b>			at the university		
<b>Year of study</b>	2	<b>Language of instruction</b>			Polish		
<b>Semester of study</b>	3	<b>ECTS credits</b>			6.0		
<b>Learning profile</b>	academic	<b>Assessment form</b>			credit		
<b>Conducting unit</b>	Division of Maritime Economy -> Department of Maritime Transport and Seaborne Trade -> Faculty of Economics -> Rector						
<b>Name and surname of lecturer (lecturers)</b>	<b>Subject supervisor</b>		dr hab. Hanna Klimek				
	<b>Teachers</b>						
<b>Lesson types</b>	<b>Lesson type</b>	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	20.0	20.0	0.0	30.0	0.0	70
	E-learning hours included: 0.0						
<b>Learning activity and number of study hours</b>	<b>Learning activity</b>	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	70		0.0		80.0	150
<b>Subject objectives</b>	Presentation the functioning and development of shipping and port services markets.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[MSGMU2_U04] can use the acquired knowledge to formulate and solve complex problems related to the operation of economic entities on the international market, with particular emphasis on the European Union market	The student is able to use the acquired knowledge to formulate and solve complex problems related to the functioning of enterprises on international markets of shipping and port services. Is able to identify competitors on both types of markets, as well as assess the competitiveness of their participants, both on domestic and international markets. Is able to determine the factors of competitiveness of entities on both types of markets. The student discusses observations and doubts with the teacher during the consultation.	[SU1] oral statement/conversation/discussion [SU4] test/exam - oral or written
	[MSGMU2_U03] can identify and analyse relations between business entities and institutions in their national and international environment	The student is able to identify and analyze the relationships between shipping companies in the shipping services markets and ports (and port companies) in the port services markets.	[SU4] test/exam - oral or written
	[MSGMU2_W03] knows and understands types of economic ties and the regularities governing them; understands the conditions and principles of the functioning of the market and the market mechanism in the national, international and global aspect	The student understands the essence, conditions and principles of functioning of shipping and port services markets in the national, international and global aspect.	[SW4] test/exam - oral or written
[MSGMU2_W05] has a deep knowledge of the world economy, principles of global market functioning and international financial relations as well as the process of their evolution; understands the causes, regularities and consequences of occurring changes	The student has in-depth knowledge of the principles of operation of global logistic supply chains and the role of maritime transport in their operation. Understands the global dimension of the shipping services market and the international nature of port services markets. Understands the causes, directions, regularities and consequences of changes taking place on these markets.	[SW4] test/exam - oral or written	
Subject contents	<p>1. Introduction to the functioning of maritime shipping and port service supply centers.</p> <p>2. Port services markets (PSM): PSM as a spatial and economic category; functioning and development of RUP.</p> <p>3. Shaping port services markets: competition on PSM; competitiveness of seaports; shaping tools of PSM.</p> <p>4. Shipping services markets (SSM): essence, functioning and development of SSM.</p> <p>5. Shaping the markets for shipping services: competition in the RUŻ; competitiveness of sea carriers; shaping tools of SSM.</p>		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Exam	51.0%	90.0%
	Participation in the discussion	0.0%	10.0%
