Subject objectives	The student acquires knowledge about the communicative potential of objects brought to life on stage by an actor/performer. Becomes familiar with the origins and history of performance genres using objects such as masks and dolls. He learns old and new techniques of animating dead matter and various forms of the relationship between the performer and the animated object. Gains knowledge about contemporary transformations of puppet and visual theater as well as inter-genre fusions within the theater of a living actor and the theater of animated form.						
Learning outcomes	Course outcome	Subject outcome		Method of verification			
	[ZKWSSMU2_U02] Is able to recognize various communication codes within the performing arts.	Is able to recognize various communication codes within performing arts using performative objects and analyze the semantic and aesthetic potential of artistic activities using such objects		[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report
