

Subject card

Subject name and code	Diagnosis and assessment of the functioning of people with intellectual disabilities, PG_00202492						
Field of study	Special Pedagogy						
Date of commencement of studies	October 2026	Academic year of realisation of subject			2029/2030		
Education level	uniform Master's studies	Subject group			Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study		
Mode of study	full-time studies	Mode of delivery			at the university		
Year of study	4	Language of instruction			Polish		
Semester of study	7	ECTS credits			2.0		
Learning profile	academic	Assessment form			credit		
Conducting unit	Division of Special Education -> Institute of Education -> Faculty of Social Sciences -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Agnieszka Woynarowska				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	30.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		5.0		15.0	50
Subject objectives	Preparing students for independent programming of supporting the development of people with intellectual disabilities based on the diagnosis of their functioning (functional diagnosis). Familiarizing students with available functional diagnosis sheets						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[E.2I.U.1] Is able to analyze the methodology of teaching students with mild intellectual disabilities in early school education; analyze and implement the core curriculum of general education in primary school (grades I-III), adapt the content of teaching and their implementation in relation to a child with mild intellectual disabilities; analyze the constructivist paradigm; analyze the methodology of early school teaching in various areas of education; analyze and apply specialized solutions, with particular emphasis on learning to read and write and mathematics education; use the work center method as a proposal for working with students with mild intellectual disabilities at the first stage of education; construct and evaluate individual educational and therapeutic programs at the first stage of education	[15673] [E.2I.U.1] Can analyse the methodology of teaching pupils with mild intellectual disabilities in early school education; analyse and implement the core curriculum for general education in primary school (grades I-III), adapt the teaching content and its implementation for children with mild intellectual disabilities; analyse the constructivist paradigm; analyse early school teaching methods in various areas of education; analyse and apply specialised solutions, with a particular focus on reading, writing and mathematics; apply the work centre method as a proposal for working with pupils with mild intellectual disabilities in the first stage of education; construct and evaluate individual educational and therapeutic programmes in the first stage of education. Can make a functional diagnosis of a person with intellectual disabilities.	[SU5] implementation of a problem task [SU6] demonstration of practical skills
	[E.2I.K.4] Is ready to cooperate with teachers and specialists in order to improve his/her work skills	[15752] [E.2I.K.4] Is willing to work with teachers and specialists to improve their work methods	[SK1] oral statement/conversation/discussion
	[E.2I.W.1] has in-depth knowledge and understanding of the methodology of teaching students with mild intellectual disabilities in early school education; the core curriculum of general education in primary school (grades I-III), adaptation of teaching content and its implementation in relation to a child with mild intellectual disabilities; constructivist paradigm; methodology of early school teaching in various areas of education; specialized solutions, with particular emphasis on learning to read and write and mathematical education; the work center method as a proposal for working with students with mild intellectual disabilities at the first stage of education; constructing and evaluating individual educational and therapeutic programs at the first stage of education	[15561] [E.2I.W.1] Knows and understands the methodology of teaching pupils with mild intellectual disabilities in early school education; core curriculum for general education in primary school (grades 1-3), adaptation of teaching content and its implementation in relation to a child with a mild intellectual disability; constructivist paradigm; early school teaching methodology in various areas of education; specialised solutions, with a particular focus on reading and writing and mathematics education; the method of work centres as a proposal for working with pupils with mild intellectual disabilities in the first stage of education; constructing and evaluating individual educational and therapeutic programmes in the first stage of education. Knows the diagnostic tools for intellectual disabilities.	[SW3] text preparation/written work [SW5] implementation of a problem task
Subject contents	Methods of assessing the level of functioning of people with profound, significant, moderate and mild intellectual disabilities (analysis of selected methods and construction of observation sheets - PAC, PAS, PEP-R, J. Kielin Student Achievement Profile, TTAP, ICF). Designing diagnostic tasks for assessing the level of functioning of a student in a selected area. Principles of interpreting diagnostic results and formulating conclusions for education and rehabilitation/therapy		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
		100.0%	100.0%
