	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		20.0	50
Subject objectives	The aim of the master's seminar is to provide students with knowledge, skills and methodological competences that will allow them to independently formulate economic problems, research theses, hypotheses or research questions and verify them based on publications, including publications in English, and empirical data, as well as to edit the text of a master's thesis in accordance with the faculty's instructions.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		

Subject contents	<ol style="list-style-type: none"> 1. Formulate relevant problems in economics, consistent with the specialisation studied, which could be the subject of research in the master's thesis. 2. Formulate the aim and hypotheses, thesis or research questions of the master's thesis. 3. Selection and analysis of appropriate sources of knowledge relevant to the explanation of the problem in question, while respecting the principles of intellectual property protection. 4. Preparation of an original description and diagnosis of the subject of the study as a basis for the realisation of the aim of the thesis. 5. Development of a concept for a detailed analysis of all research aspects. 6. Preparation of development scenarios, forecasts or strategies concerning the researched problem. 7. Correct editing of the thesis text (communicativeness, scientific language of the study, bibliographic description, error control). 8. Preparation of bibliography, list of tables and figures according to the departmental template and instructions. 9. Preparation of a summary of the thesis in Polish and English. <p>The students masters seminar will include 23 hours of consultations with the supervisor, during which issues related to the research area and the structure of the thesis, methodology and formulation of conclusions will be discussed.</p>											
Prerequisites and co-requisites	none
