

Subject card

Subject name and code	Introduction to Historical Research - Lecture, PG_00205536						
Field of study	History, Sightseeing and Historical Tourism						
Date of commencement of studies	October 2026		Academic year of realisation of subject		2026/2027		
Education level	Bachelor's studies		Subject group		Obligatory subject group in the field of study Subject group related to scientific research in the field of study		
Mode of study	full-time studies		Mode of delivery		at the university		
Year of study	1		Language of instruction		Polish		
Semester of study	1		ECTS credits		2.0		
Learning profile	academic		Assessment form		credit		
Conducting unit							
Name and surname of lecturer (lecturers)	Subject supervisor		prof. dr hab. Wiesław Długokęcki				
	Teachers		prof. dr hab. Wiesław Długokęcki				
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	30.0	0.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		2.0		18.0	50
Subject objectives	Introduction of the beginning student to the problems of historical science (subject-human social history, research basis-literature of the subject, sources), research process (choice of subject, search, criticism of sources, establishment of historical facts, creation of narratives), stages of development of historical research, relativity of historical cognition						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[HISTL3_K05] Is ready to perform professional roles responsibly and to adhere to the professional ethics of the historian and to demonstrate an understanding of the world of values and attitudes of people in different historical periods and contexts	The student is ready to follow basic ethical principles related to historical research and to recognise the importance of values and attitudes of people in different historical periods and contexts	[SK8] observation of student's independent or team work
	[HISTL3_W07] The student has an advanced knowledge and understanding of the key theories, research methods and tools of the historian's trade, including those relevant to their chosen area of specialisation.	knows the genres of written sources, understands the term search, lists archival aids, knows the term bibliography and types of bibliography, knows basic thinking methods	[SW4] test/exam - oral or written
	[HISTL3_W01] Has an advanced knowledge and understanding of selected facts, objects and phenomena, as well as the methods and theories that explain the complex relationships between them, constituting fundamental general knowledge in the humanities	The student knows and understands, at an advanced level, selected concepts, phenomena and relationships that constitute general knowledge in the humanities, in particular those concerning history as a discipline, its relations with other fields, the research process, and the specificity of historical knowledge	[SW4] test/exam - oral or written
	[KiTHL3_W03] Knows and understands selected issues from the achievements of historiography at an advanced level and is aware of the coexistence of different points of view in historical sciences resulting from different theoretical attitudes, national traditions and cultural conditions	The student knows and understands, at an advanced level, selected issues from historiography and is aware of the coexistence of different interpretations of the past resulting from diverse research approaches, historiographical traditions and cultural contexts	[SW4] test/exam - oral or written
	[KiTHL3_U11] Is able to effectively plan and organize his/her work and independently acquire and consolidate knowledge in an orderly and systematic manner	The student is able to independently plan and organise their work in the process of acquiring knowledge in the field of historical sciences, learning in a structured and systematic way	[SU8] observation of student's independent or team work
	[KiTHL3_K01] Critically evaluates the knowledge possessed, demonstrates readiness to constantly expand it and seek expert opinions in the event of difficulties with solving the problem on their own	The student critically evaluates their knowledge in the field of historical sciences, demonstrates readiness to systematically expand it, and seeks expert advice when experiencing difficulties in understanding historical issues	[SK8] observation of student's independent or team work
	[KiTHL3_W04] Knows and understands basic research methods, the tools of the historian's trade, and the principles of critical analysis and interpretation of historical sources used in research on the past	The student knows the genres of written sources, understands the term search, lists archival aids, knows the term bibliography and types of bibliography, knows basic thinking methods	[SW4] test/exam - oral or written
		The student is able to independently plan and organise their work in the process of acquiring knowledge in the field of historical sciences, learning in a structured and systematic way	[SU8] observation of student's independent or team work
	[KiTHL3_W10] Knows the main trends in historical research and understands the fundamental dilemmas of modern civilization and their historical, social, cultural, and economic contexts	The student knows and understands the basic directions of historical research, such as political, social, economic, cultural history, family history and gender history, and recognises their importance for describing and interpreting the past	[SW4] test/exam - oral or written
	[HISTL3_U01] student is able to apply their knowledge to: solve complex and unusual problems in the field of history through the appropriate selection of sources, their critical analysis and the synthesis of information; and formulate and solve problems within their chosen area of professional specialisation	The student is able to use their knowledge to explain basic problems in the field of history by appropriately selecting and distinguishing between historical sources, bibliographies and academic publications, and by organising and synthesising information in relation to the stages of the research process	[SU4] test/exam - oral or written

	Course outcome	Subject outcome	Method of verification
	[HISTL3_K01] Critically evaluates his/her knowledge, demonstrates a willingness to continually expand his/her knowledge and to seek expert advice if he/she has difficulty solving a problem on his/her own	is aware of the preliminary nature of the knowledge to be imparted and shows a willingness to continually expand this knowledge	[SK8] observation of student's independent or team work
Subject contents	History as a science		
	Culture, civilisation, history as history. Definitions and methods of describing culture		
	Historiosophy		
	History and selected related disciplines		
	Scientific publications and their types		
	Historical sources		
	Bibliographies		
	Archives		
	Source criticism		
	Cognition versus historical cognition		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
		51.0%	90.0%
		0.0%	10.0%
