

Subject card

Subject name and code	Sustainable Development 3 - Interconnection Between Humanity and Nature, PG_00207027						
Field of study	Global Studies						
Date of commencement of studies	October 2026		Academic year of realisation of subject		2027/2028		
Education level	Master's studies		Subject group		Obligatory subject group in the field of study Subject group related to scientific research in the field of study		
Mode of study	full-time studies		Mode of delivery		at the university		
Year of study	2		Language of instruction		English		
Semester of study	3		ECTS credits		2.0		
Learning profile	academic		Assessment form		credit		
Conducting unit							
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Katarzyna Kamińska-Korolczuk				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	15.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		2.0		33.0	50
Subject objectives	The aim of the course is to present the relationship between humanity and nature						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[GSMU2_W14] has in-depth knowledge of the principles and trends of sustainable management of human and environmental resources from the perspective of states, regions, and the international community	knows current global problems, knows what threats and challenges they pose, knows selected trends	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work
	[GSMU2_W08] knows current global issues in the international sphere of political and economic relations, understands threats and challenges, recognizes trends, and is familiar with the principles of creating and developing forms of individual entrepreneurship	knows current global problems, knows what threats and challenges they pose, knows selected trends	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work
	[GSMU2_U02] knows how to identify and interpret social, cultural, political legal and economic phenomena, as well as political processes and real and hypothetical threats occurring in the socio-political space in the modern world, has the ability to analyse geographical, political factors as sources of these phenomena	is able to assess the importance of current global problems, knows what threats and challenges they pose, and interprets selected trends	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work
	[GSMU2_K05] is prepared to function in the information society, is able to collect, use and process information, understanding the importance of the principles of professional ethics in one's own conduct and requiring it of others	Is able to actively participate in public discourse and explain and describe the development of culture and political thought in the matter studied	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK3] text preparation/written work
	[GSMU2_K02] is aware of the level of one's own knowledge and skills, is able to supplement them independently and critically extended by the interdisciplinary dimension, understands the need for continuous improvement and performs self-evaluation of competencies determining one's own place and role in the labour market, referring critically to the current discourse occurring in the sphere of science or practice	conducts discussions, formulates statements based on knowledge, using various sources of information and verifying them	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK3] text preparation/written work
Subject contents	The course focuses on understanding interpersonal relationships and relationships with nature and the resulting dependencies		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Project – presentation on the implementation of a thematic literature review	60.0%	40.0%
	Essay – 1500 words on a selected topic	60.0%	40.0%
	attendance	80.0%	20.0%
