Subject objectives	The aim of the course is to prepare students for the independent development of a diploma thesis of a scientific or practical nature, involving the analysis of a selected problem in the field of tax law, finance or accounting. Students develop the ability to formulate research questions, apply appropriate analytical methods and present results that are substantively and formally correct. The course also aims to enhance critical thinking, independent research and evaluation of sources, as well as the ability to engage in creative academic discussion.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		

Subject contents	1. Selection and approval of the diploma thesis topic. 2. Defining the purpose, scope and structure of the thesis. 3. Research methodology in the field of tax law, finance and accounting. 4. Literature and case law analysis rules of citation and bibliography preparation. 5. Preparation of the work plan and implementation schedule. 6. Consultations with the supervisor concerning theoretical and empirical parts of the thesis. 7.
