Learning outcomes	Course outcome	Subject outcome	Method of verification
	[KRYMMU2_U01] Is able to apply theoretical knowledge of criminology and related disciplines to analyse, synthesise and interpret complex and non-routine problems, as well as to formulate solutions in changing and unpredictable conditions.		
	[KRYMMU2_K03] Is convinced of the necessity of ethical and professional conduct, acts in accordance with ethical principles, identifies and formulates moral problems and ethical dilemmas related to their own and others' work, and seeks optimal solutions.		
	[KRYMMU2_K01] Is aware of the level of their knowledge and skills, critically evaluates them, understands the need for lifelong learning, and recognizes the importance of knowledge in solving cognitive and practical problems; when unable to solve a problem independently, seeks the opinions of experts.		
	[KRYMMU2_U05] Is able to independently propose solutions to problems, carry out decision-making processes in this area, organise and coordinate team work, and act in an entrepreneurial manner.		
	[KRYMMU2_U02] Is able to independently acquire knowledge and develop professional competences using various sources (in native and foreign languages) and modern technologies.		
Subject contents	To implement the student to use the acquired legal knowledge in studies of a dogmatic character. To teach how to expand the knowledge base by reading monographs and other publications from a given branch of law (articles, glosses, jurisprudence). To be introduced to the methodology of scientific work, to get to know the workshop of research work. To learn how to make proper arguments and use clear, precise language. Learning to edit a scientific text in the field of dogmatic penal sciences.
