

Subject card

Subject name and code	Seminar III - DRYWA Anna, PG_00204139						
Field of study	Taxes and Tax Consultancy						
Date of commencement of studies	October 2026		Academic year of realisation of subject		2027/2028		
Education level	Master's studies		Subject group		Optional subject group		
Mode of study	part-time studies		Mode of delivery		at the university		
Year of study	2		Language of instruction		Polish		
Semester of study	4		ECTS credits		10.0		
Learning profile	academic		Assessment form		credit		
Conducting unit	Faculty of Law and Administration -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Anna Drywa				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	30.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		220.0	250
Subject objectives	The purpose of the undergraduate seminar is to help the student independently research and analyze research materials and develop a thesisBachelor's thesis, as well as preparing the student for its defense.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[PiDPMU2_U03] is able to communicate on specialized legal, financial, balance sheet and tax topics with diverse audiences, as well as conduct a debate on the problems of applying the law of public levies, finance and accounting	The student takes part in discussions concerning tax issues and is able to justify their position; they critically assess opinions and positions, including in relation to the interpretation of tax law; they independently evaluate the positions taken in legal doctrine and case law, - exercise caution when expressing opinions, - demonstrates creativity in the preparation of their undergraduate dissertation.	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work [SU8] observation of student's independent or team work
	[PiDPMU2_W06] knows and understands the concepts and principles of industrial property protection and copyright	The student knows and applies the basic concepts and principles of industrial property protection and copyright law; understands the need for ethical conduct in this area, including the use of AI tools	[SW1] oral statement/conversation/discussion [SW3] text preparation/written work
	[PiDPMU2_U01] is able to use the theoretical knowledge in the field of public levies law and accounting and related scientific disciplines in order to formulate and solve complex and unusual problems (e.g. validation and interpretation problems related to the application of public levies law, tax analysis problems or balance sheet problems), in including innovative performance of tasks in unpredictable conditions by: - appropriate selection of sources (including in particular normative acts, doctrinal literature and case law) and information derived from them, assessment, critical analysis, synthesis, creative interpretation and presentation of this information, - selection and use of appropriate methods and tools (including advanced information and communication techniques, as well as methods and tools independently adapted or developed from scratch, e.g. the use of advanced methods of legal interpretation using electronic databases of case law and literature to solve problems related to the application of public levies law)	Student: - conducts research independently and analyses the results, - communicates effectively when presenting research findings, - independently assesses the positions taken in legal doctrine and case law, - exercises caution when expressing opinions, - demonstrates creativity in the preparation of their undergraduate dissertation.	[SU3] text preparation/written work
	[PiDPMU2_U02] is able to formulate and test hypotheses related to simple research problems regarding the application of public levies law, tax analysis or accounting	The student is able to formulate research problems and theses (hypotheses) in the field of tax law and to verify them on the basis of an analysis of legislation, case law and the relevant literature.	[SU3] text preparation/written work

	Course outcome	Subject outcome	Method of verification
	[PiDPMU2_K01] Is prepared to critically evaluate their knowledge and the content they receive regarding problems arising in the areas of public levy law, finance, accounting, and related disciplines. Is prepared to recognize the importance of knowledge in solving cognitive and practical problems and—if they encounter difficulties in solving a problem independently—to seek the opinion of experts in public levy law, finance, accounting, and related disciplines (especially scientists, experienced tax advisors, accountants, lawyers specializing in disciplines other than tax and accounting law), and, if necessary, also experts in disciplines other than legal and economic sciences.	The student is prepared to critically assess their own knowledge and the sources of knowledge they use whilst preparing their bachelor's thesis in tax law, and to draw on the knowledge and opinions of experts when faced with issues requiring expertise beyond their own.	[SK3] text preparation/written work
Subject contents	A. Introductory Lecture: What is an undergraduate thesis and what are its objectives II": Indication and discussion of the most common mistakes made in the course of writing a bachelor's thesis - using the example of the papers written at the seminar; rules for proofreading bachelor's theses; deadlines and criteria for evaluating a bachelor's thesis; basic information on defending bachelor's theses.B. Own work on the thesis and individual consultations with the seminar instructor		
Prerequisites and co-requisites	none		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	written work	51.0%	100.0%
