Learning outcomes

Course outcome	Subject outcome	Method of verification

Subject contents

The aim of the course is to familiarize the student with the issues and specificity of armed conflicts - their causes, course and effects. During the lectures, the student will understand what catalysts and accelerators are and will learn about the most common conditions of armed conflicts. He/she will also gain knowledge about changes in the functioning of old and new conflicts and learn the instruments to counteract them. You will also become acquainted with the issues of Global Political Economy, which is important for a world torn by conflicts

Prerequisites and co-requisites
