University of Gdańsk

Subject card

Subject name and code	Bachelor's Degree Workshop I in Socio-Economic Geography, PG_00195142		
Field of study	Geography		
Date of commencement of studies	October 2027	Academic year of realisation of subject	2029/2030
Education level	Bachelor's studies	Subject group	Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study
Mode of study	full-time studies	Mode of delivery	at the university
Year of study	3	Language of instruction	Polish
Semester of study	5	ECTS credits	2.0
Learning profile	academic	Assessment form	credit
Conducting unit			
Name and surname of lecturer (lecturers)	Subject supervisor	dr hab. Jan Wendt, prof. UG	
	Teachers		

Lesson types

Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
Number of study hours	0.0	0.0	15.0	0.0	0.0	15

E-learning hours included: 0.0

Learning activity and number of study hours

Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours	Self-study	SUM
Number of study hours	15	5.0	30.0	50

Subject objectives

The objectives of Diploma Workshop I are: to familiarize students with the substantive and technical principles of writing diploma theses; to format the diploma thesis in accordance with the requirements of the field of study; to research, use and cite the collected literature in the thesis; to create a final summary of the literature used in the thesis; to present cartographic and boundary data and results; to conduct statistical data collection, processing and analysis; to provide feedback and support to students in adhering to ethical principles related to the use of literature; to conduct the first stages of research and data queries; to support the Workshop participants in the preparation of the first texts of the diploma thesis; to verify the results of the research; to verify the texts; and to verify the technical aspects of the completed parts of the diploma thesis.

Learning outcomes

Course outcome	Subject outcome	Method of verification
[GEOGRL3-K02] is prepared to bear full responsibility for the actions taken actions and adhere to the principles of professional ethics and principles of intellectual honesty, is aware of the importance of a professional approach in professional life professional life	Taking responsibility for the actions taken and adhering to the principles of professional ethics when collecting and analyzing data, texts and writing the first parts of the work.	[SK3] text preparation/written work [SK6] demonstration of practical skills [SK8] observation of student's independent or team work
[GEOGRL3-W06] knows advanced methods of acquiring, processing, and compiling geographic environmental data, as well as methods of analyzing and interpreting such data	Knows and uses advanced methods of acquiring, processing and analyzing data within the scope of selected research topics.	[SW1] oral statement/ conversation/discussion [SW5] implementation of a problem task
[GEOGRL3-U03] can plan and conduct, independently and as part of a team, simple research in the field of geography under the supervision of a scientific advisor, based on the necessary information from professional literature and other sources	Can plan a thesis, write an introduction and one of the chapters. Can utilize information from professional literature and other sources.	[SU3] text preparation/written work [SU5] implementation of a problem task
[GEOGRL3-U04] can apply field and laboratory methods and research tools, spatial analysis methods, and methods of presenting research results in the field of geography, assess their usefulness for tasks in which the application goal of geography can be realized	A participant of Workshop I is able to use in-person and field methods appropriate to the chosen topic of the diploma thesis; is able to correctly use data presentation methods.	[SU3] text preparation/written work [SU6] demonstration of practical skills [SU8] observation of student's independent or team work
[GEOGRL3-K04] is prepared to independently undertake and initiate professional behavior, including maintaining the principles of professional ethics in oneself and others, and care for the achievements and traditions of the geography profession	The course participant is able to make independent decisions and adheres to the principles of professional ethics.	[SK1] oral statement/conversation/ discussion [SK8] observation of student's independent or team work

Subject contents

1/ familiarizing students with the substantive and technical principles of writing theses;
2/ technical formatting of the thesis in accordance with the requirements of the field of study;
3/ principles of research, use, and citation of collected literature in the thesis;
4/ principles of creating a final summary of the literature used in the thesis;
5/ principles of collecting, processing, and analyzing statistical data;
6/ methods of cartographic and graphical presentation of data and obtained results;
7/ supporting students in adhering to ethical principles related to the use of literature;
8/ conducting the initial stages of research and data research;
9/ principles of verifying research results;
10/ verifying the substantive and technical aspects of the completed sections of the thesis.

Prerequisites and co-requisites

Assessment methods and criteria

Subject passing criteria	Passing threshold	Percentage of the final grade
Timely text preparation/written work	51.0%	60.0%
Demonstration of practical skills	51.0%	10.0%
Oral presentation/conversation/ discussion	51.0%	10.0%
Observing a student's independent or team work	51.0%	10.0%
Completing a problem-solving task	51.0%	10.0%
